Say It's 'Not Amendment'

Storm Is Brewing Over Annexation Petition

The heavy road machinery is making great head-way on lowering the grade of U.S. 60 beneath 15th Street at Canyon's northern edge. The project, which has tangled traffic

patterns for residents coming into or leaving the Hunsley Hills subdivision, is expected to be completed in April 1975.

Another fight in the school land annexation battle is brewing for this morning's meeting of Randall County school trustees, a fight which could result in another decision concerning annexation of 176 acres by the Amarillo school district.

The fight is expected to center on what Amarillo Attorney Bob Templeton terms an amendment to a petition for annexation of the 176 acres. County school trustees okayed the detachment of that property from the Canyon district in a recent stormy session.

Randall County Dist. Atty. George Dowlen and Canyon School Attorney Elton Cox say Templeton's amended petition amounts to a new petition, one which must be acted on as if it were an all new request for detachment and annexation.

In a letter to R. B. Gist Jr., chairman of the county school trustees, Templeton this week offered the amendment for consideration of the board, saying he didn't want technicalities to cloud the case of a handful of residents of the Glendell Subdivision who must now fight an appeal of the late October trustee decision, an appeal filed by the Canyon Independent School District board.

The amendment appears to alter only the legal description of the land in the subdivision, owned by Glenn O'dell west of the Canyon expressway and just south of the Amarillo school district line.

But, Dowlen and Cox said if such an amendment is not impossible, it certainly amounts to the submission of a new petition by the residents of the subdivision.

Cox, at a meeting of the county school trustees in October, protested their decision for annexation of the property by Amarillo, noting that the legal property description was inaccurate and of questionable legality.

The Templeton-prepared amendment was submitted for trustee consideration at their 10 a.m. meeting today in response to the Cox objection.

If Cox and Dowlen render the same opinions to the trustees that they've rendered in News interviews, the trustees could be placed in the uncomfortable position of having to decide again whether to allow the subdivision to be annexed by the Amarillo school district.

Dowlen told The News the Templeton document, which is in fact another petition almost identical to one the trustees acted on in October, amounts to a new petition for detachment and annexation. He said the trustees will have to decide again on the annexation issue, rather than simply accepting the legal property description as an amendment to the original petition.

Dowlen said he will recommend the trustees make another decision on the issue, this time without calling a public hearing to discuss the facts.

"They (trustees) could vote for or against this petition and if they voted against then it would be necessary for the appeal (filed by the CISD) board to be filed on the basis of the previous petition," Dowlen said.

He said if the trustees decide not to allow the detachment of the subdivision on this petition,

such action would not negate the first decision made by the board.

He termed the situation "more-or-less unprecedented."

While Templeton contends the second petition is only an amendment to the first, Cox, who is handling the CISD appeal of the first trustee decision, contends it simply cannot be an amendment.

In fact, Cox sees several changes in the new petition which make it far more than an amendment to the original.

He cites the fact that the petition received this week does not contain the same signatures

as did the original petition. Nor, he notes, does it describe the same tract of land originally considered by school trustees.

He said at least one of the original half-dozen petitioners has not signed the petition presented by Templeton this week.

And, he said the new petition describes a parcel of land which is 161 acres while the original petition described a subdivision of 176 acres.

"Inasmuch as the most recent petition for detachment filed with the Randall County board of School Trustees is not signed

by all of the original petitioners, appears to describe a tract of land different from the 176-acre tract of land described in the original petition, and makes no references to the original petition and does not in any way appear to be an amendment to the original petition, it will necessarily have to be presented to the Randall County board as a new petition," Cox said.

Cox also questions whether the number of petitioners on the new petition is sufficient for board action. He cited the testimony of O'dell in a public hearing last month when O'dell told trustees

he had built 15 houses and sold 13 of them. If that statement was true, Cox says, it appears unlikely that only three or four families would represent the majority of qualified voters required to have a petition heard by the trustees.

"As a matter of fact, if we give credence to Mr. O'dell's statement, I question whether the most recent petition even contains the names of a majority of the qualified voters in the territory," Cox said.

Trustees are to also meet in closed session to discuss the (See TRUSTEES, Page 5)

Amarillo Building Or New Annex - Commissioners To Decide Today

A representative of the Amarillo Christian Schools will firm up his proposal that Randall County buy an old Amarillo building for use as a courthouse annex when he meets at 1:30 p.m. today with county commissioners.

Jack Mackey, associated with the ACS, is expected to have a firm monetary proposal for commissioners to consider as an alternative to the construction of a new annex for South Amarillo.

Mackey last week proposed the commissioners purchase the old Estate Life Insurance Building on the Canyon expressway just north of Western Street. But, he wasn't concrete on pricing the old building, which is now being used by the Amarillo Christian schools.

Mackey told commissioners at that time the building might be for sale for a price of \$600,000. But, he indicated, that price would include a remodeling job

to update the mechanical system and to rearrange partitions for county use and by county specifications.

Mackey pointed out that the purchase of the building, with the updating, could save the county as much as \$100,000.

If his plan is feasible — which will be indicated today — commissioners could purchase the old building, then sell land already purchased for construction of a new annex for at least

\$140,000, thus saving about \$100,000 over what construction of a new facility would cost.

Mackey said the old building has about 23,000 square feet of floor space.

Commissioners will hear Mackey's proposal as the second item on their agenda this afternoon and then will consider awarding bids for construction of a new South Amarillo annex, if they find Mackey's idea unacceptable.

Low bidder for the construction project is Panhandle Engineers of Amarillo with a price of \$579,000.

As planned by Amarillo Architect Art Vaughan, the new annex would include about 11,000 square feet of grade-level space and a 4,000 square foot basement. It would sit on about 7 acres of land between the Canyon expressway and Georgia Street at the intersection of the two thoroughfares.

Commissioners earlier in the fall sought bids on the annex facility, but bids were near the \$650,000 level when they came in and commissioners rejected (See ANNEX, Page 5)

New Annex Construction Will Mean Increase In Tax

The decision Randall County commissioners make today could impact on future tax rates for county residents and could raise taxes by as much as eight cents per \$100 valuation.

Either way the county goes — construction of a new annex or purchase of an old building to be remodeled — the result will cost county taxpayers.

Both proposals are expected to cost the county nearly \$600,000, with about \$200,000 of that figure to be paid off by federal revenue sharing funds available now and in the future to the county treasury.

By using certificates of obligation for the purchase, commissioners have been told in the past, the pay out can come in 10 years or in 15 years at an interest rate of about 6 1/2 per cent.

Bob Davis of Columbian Securities, financial advisor to the county on the annex construction or purchase, told commissioners last week retirement of the annex debt will require additional allocation of funds to the county's interest and sinking fund.

Between five and eight cents per \$100 valuation will be required to retire the debt, he said.

Since the county is currently collecting the legal maximum tax rate of 80 cents with 73 cents allocated to the general fund and 7 cents going into the interest and sinking fund, the tax valuation percentage will probably

have to rise to raise the additional 5 to 8 cents which will be required to pay off the building.

Davis said about 14 cents will have to be allocated to the interest and sinking fund, lowering the amount for the general fund

by about 5 to 8 cents. Since the county is currently operating on another deficit budget in the general fund, it is expected the tax valuation figure will have to rise to make up the 5 to 8 cents put (See TAXES, Page 5)

Season Takes Its Toll With Key Eagle Injuries

The injury list for Canyon's battered Eagles continues to grow, as the district champs, who've overcome tremendous odds in their season this year, prepare for their final regular game of the fall this Friday night.

A tough AAAA schedule has taken its toll in the starting line-up of the Eagles this year, but the Canyon High Schoolers have come up with the winning combination in spite of that fact.

Perusing the past season this week, Coach Ron Mills used both hands to tick off the players injured, players who when

the season opened were in the starting line-up.

In fact, the Eagles have lost nine starting players since the opening game of 1974 and one of those players will probably not play football again.

Tackle Kelly Forehand, a 210-pound senior at season's start, was the first and only major injury suffered on the Eagle squad. Forehand is still hospitalized after breaking his neck on a tackle in an early-season Eagle outing against Caprock of Amarillo.

The Forehand injury, the worst experienced by the Canyon coaches in their

coaching careers, rather than demoralizing the Eagle team has been a catalyst for success.

Nevertheless, that injury and eight others have decimated the starting lineup.

Other starters who won't see action this weekend against Leveland, include Linebacker Andy Grimes, Center Bob Lindsey, Noseguard Steve McCormick, Linebacker Ronnie Howell, End Elliott Berry, Back Adrian Foil, and End Joe Gillis.

In addition, the Eagles will be going against the Lobos without Craig (See EAGLES, Page 5)

'Shop Canyon First' Is New Chamber Promotion

"Shop Canyon First This Christmas" is the slogan for a month-long promotion campaign by the Canyon Chamber of Commerce to help local merchants increase business this year.

Advertising in The Canyon News, the local radio station and through billboards and signs will repeat the theme and slogan to try to encourage local residents to spend their Christmas gift dollar with local retailers.

More than 20 merchants have also donated funds for the campaign.

Employees in participating stores will wear "Shop Canyon First" buttons and participating merchants will display signs en-

couraging local shopping.

As part of the campaign, merchants will be asked to keep their stores open until 7 p.m. on December 12 to attract more shoppers.

The campaign is to begin after Thanksgiving, according to John Childs, chamber president.

"We want people to think about how convenient it is to shop in Canyon for their Christmas gifts and supplies," Childs said.

"When they think of something to buy, we want them to think of Canyon first."

Childs said local merchants offer several advantages to the shopper other than simply convenience, which in itself is a major plus when Amarillo's

congested shopping centers are considered.

"Canyon merchants offer good service," he said. "There are a number of merchants who know you and they appreciate your business."

Local store prices are competitive overall, Childs said. "We all have to remember that every dollar spent here bounces around six or seven times before it leaves the town," he said.

Merchants participating in the promotion include Dan's 5th Ave., the Towne Shop, the Frame House, Anthony's, West Texas Arts & Hobbies, Taylor & Sons Grocery, Cooper's Market, H.R. Flowers and Gifts, West Texas (See CHAMBER, Page 5)

Government Meets Re-Established

After a gap of nearly six months, representatives of the four metropolitan area governments are expected to meet this month, possibly next week, to discuss a proposed South Amarillo sanitary landfill and problems created by a lack of communication.

City Manager George Louder said he will set up a meeting for next week if possible to bring together in joint session Canyon city commissioners, Amarillo commissioners, and Potter and Randall county commissioners.

It will be the first meeting for the four entities since early summer, when they met in Canyon to discuss county road policies.

Officials last week attributed recent squabbles concerning the proposed location of a sanitary landfill on South Osage in Randall County, squabbles involving Amarillo and Randall County commissioners, to the lack of communication and to the suspension of the joint meetings.

The meetings were begun about two years ago and were to have been held every other month to discuss issues of mutual interest and concern.

The sanitary landfill was one issue discussed during the meetings, but the final decision by Amarillo commissioners to locate the landfill in the north part of the county was never discussed in the sessions.

The location of the landfill has touched off another firestorm in Amarillo, with irate citizens calling for a change in sites. Randall County commissioners two weeks ago went on record opposing the proposed location, touching off a name-calling spree by Amarillo commissioners.

Meeting time and location of the meeting of the four groups will be announced later, Louder said.

representing the county at a District Gold Star banquet this weekend in Amarillo.

by Troy Martin

FROM THE

CANYON RIM

A little less than 44 percent of the qualified voters in Randall County went to the polls Tuesday of last week.

Four years ago the percentage was a hair above 67. Why the apathy?

The people have been fooled so long by the politicians of this country and the world that they no longer believe in the good intentions of those who rule.

Bob Price came down here just before the election and flayed the press. I'll admit that there is a lot of slanted reporting but

competition drives the industry to ferret out and report the facts.

If one newspaper or television network doesn't get the story straight, a competitor will soon get it straight and circulation or viewing audience will go down accordingly.

I have a lot to regret about how news is handled in this country but anyone who wants to dig through the reportage can find out what's going on.

Price hit newspapers with a blanket charge of bad reporting and even suggested muzzling the

press just because the Amarillo Daily News made a mistake in reporting his campaign funds. The Canyon News had the story right from the start and The Daily News ran a correction.

Power hungry politicians have always wanted the press muzzled.

I suppose Bob would have been just as happy if the media had not reported his freefloating, lame-duck trip to Africa at government expense. I can't see any worthwhile reason for a congressman who's going to be in office less than two months to spend any taxpayer money for a trip anywhere.

I wish I could look for better in Jack Hightower and I hope Jack will forgive me for my lack of faith.

That faith will grow to mountainous proportions if the new congressman asks why Hubert Humphrey hasn't been prosecuted for squirreling away a \$100,000 gem belonging to the U.S. government.

It will increase even more if he drops so much as a hint that the congress look into the ways and means Wilbur Mills has used in order to be able to spend \$1700 a night on Fanny Fox, the Argentine firecracker, stripper queen of the Silver Slipper.

I don't think this will happen. Jack is a nice guy who majors in being a nice guy. Anyone would like him personally and that's one of the chief ways you get and stay elected.

He won't muddy the waters and he'll get seniority and in 10 or 15 years we can expect to have a congressman who will be chairman of an important committee simply because he has stayed in office and hasn't caused any trouble.

As far as I know, Jack never became vocally upset about Sharpstown or Rep. Bill Heatley's use of chartered aircraft, paid for by Texas taxpayers, to fly home to Paducah during the constitutional convention.

I have no personal vendetta with either Jack or Bob. I like them both as congenial men. I simply cannot take professional politicians very seriously anymore. I wish I could.

We've been fed a line that as soon as the Democrats take over congress things are going to be all right.

A Democratic congress has been largely responsible for most of the factors which have contributed so much to inflation.

1. An unreasonable increase in the minimum wage with no increase in productivity.

2. A blanket increase in wages of federal employees in a time of crisis.

Political hypocrisy is rampant

the world over and nowhere do you find more hypocrites than in the United Nations which we nourish in our New York bosom.

We have two prime examples in Wednesday newspaper headlines.

Top headline announces that South Africa has been booted from the UN assembly because of its racial practices.

The second announces that Yasser Arafat has arrived at the UN bent on becoming head of new UN built state for the Palestine Liberation Organization.

It is so hypocritical for the UN to take sanctions against South Africa and Rhodesia because of race practices when the USSR, a member of the Security Council with veto power, has wiped out entire races and its Red Army now occupies Eastern Europe.

Arafat's reception by what purports to be the world's referee is particularly tragic because of the history of murder and pillage that belongs to the PLO, a score of airlines sabotaged and the wanton murder of Jewish athletes at Munich.

Of course the world's politicians don't want reportage on all this. It shows them up for the villains they are.

This is not a column of despair. It is one of hope. Benjamin Franklin (historians correct me if I'm quoting the wrong man as I just don't have time to look it up.) said all good men have to do to be certain of being ruled by bad men is to do nothing.

We can all become more interested in politics. I am convinced that the Republican Party will never be a viable entity in Texas during my life time so we will simply have to work through the party that is available.

The country can be turned around. Jefferson, Franklin and Adams left us a system that will work but we have to make it work.

Fall Revival

Is Beginning

At City Church

Fall revival services at Calvary Baptist Church are to begin Sunday, Nov. 17, with Dr. Franklin Swanner, retired area missionary from Plainview, as the revival speaker.

Bill Webb, director of the Baptist Student Union at West Texas State University, will be in charge of the music for the revival.

Services Sunday are at 10:55 a.m. and 7 p.m. Monday through Friday will be a special noon service including a covered dish luncheon with evening services weekdays and Saturday evening at 7:30 p.m.

All area residents are invited for the week of revival services.

Gas Price Rise Seen After Jan. 1

Local residents can expect the cost of natural gas to begin climbing again next year, although Pioneer Natural Gas Co. has announced no increase in the cost of gas portions of their bills for the next seven weeks of 1974.

"We feel like the cost of gas will continue to go up," Bob Mills, spokesman for the gas company said this week. "We see all energy going up."

Mills pointed to recent comments in a press release by K. Bert Watson, Pioneer president, who forecast the average cost of gas to the company will remain stable for the remainder of this

year and thus the cost of gas increases which have doubled since last January will also stabilize.

Local customers of the gas company can be required to pay two kinds of gas rate increase — one of the across-the-board variety based on price per thousand cubic feet. To institute that kind of price increase, Pioneer must receive approval of Canyon city commissioners. The other increase is based on a pass-through clause which allows the company, when its cost of gas at the wellhead is increased, to pass along that increase through

monthly rate adjustments. While city commissioners need not rule on that kind of increase, commissioners have shown a good deal of concern recently about the rate of pass-through increases to local customers.

It is the pass-through increase which is expected to remain level for the next seven weeks.

Mills said the company currently "has no plans for a general rate increase" based on the price of gas per thousand cubic feet.

Nevertheless, the company in meeting with city officials recently in Lubbock has set the stage for a possible general rate in-

crease request, noting that net income for the utility company has risen only slightly in the past year over the previous year.

The press release prepared by Mills for area news media says consolidated net income for Pioneer for the third quarter of 1974 was \$6.03 million compared to income for the same period of 1973 of \$2.8 million. Consolidated net income for the firm and its subsidiaries for the first nine months of 1974 amounted to \$14.8 million compared to the income for the same period of 1973 of \$8.8 million.

Mills said no net income figures for the third quarter or for the first nine months are available on Pioneer's utility company, which supplies gas to Canyon residents.

But, he said, in 1973 the utility provided nearly one-half of the net income for the Pioneer parent firm while in 1974, the utility has accounted for about one-third of the net income.

Figures presented Canyon and other cities' commissioners recently in Lubbock indicate net income for the utility for the first six months of 1974 was \$2.9 million compared to net income for the first six months of 1973 of \$2.6 million. At the same time, the net income for subsidiary companies rose by \$2 million from \$3.2 for the first half of 1973 to \$5.8 for the first half of 1974.

New acquisitions of gas reserves have been singled out by Watson as the reason for a possible suspension of the cost-of-gas pass through increases to local customers.

"Gas from these new sources will start flowing into the system around the end of the year," he said in a news release. "We forecast that the average cost of gas to the company will remain level for the remainder of 1974. This would indicate there should be no increase in the cost of gas served to Pioneer customers for this period as a result of the monthly adjustments based on gas costs."

Co-op Education To Be Eyed Tues.

West Texas State University will seek input from the Golden Spread area concerning the possibility of offering cooperative or internship education at a dinner meeting in the East Dining Hall at 7 p.m. Tuesday.

This project seeks to combine academics training with actual work experience.

The members of the West Texas State University Committee for Cooperative Education have already contacted a wide variety of businesses and encourage anyone who is interested to attend. The cost for the dinner will be approximately \$3.25.

Members of the American Legion here gathered Monday morning for their annual Veterans' Day breakfast. Among those attending were George Stevens, left,

Hampton Lisle and Wes Kleinschmidt. About 60 persons attended the annual event at the community center.

"Don Giovanni" In Production At WTSU

The amorous adventures of "Don Giovanni" will come to light on the Branding Iron Theatre stage when the Mozart opera is presented this month by the West Texas State University Opera Workshop.

Production dates are 8 p.m. Nov. 22, 23 and 25 and 2 p.m. Nov. 24. Box office sales begin Monday with tickets priced at \$2.50 for adults and \$1.50 for public school students and children. WTSU students will be admitted free with presentation of ID cards. Mail orders for tickets are being accepted through Friday. These must be accompanied by a self-addressed envelope and a check in payment, a spokesman said. Mail orders received after Friday will be held at the box office.

The two-act "Don Giovanni," which represents one of the hallmarks of Mozart's career, is being presented in an English version by W. H. Auden and Chester Kallman. The script was adapted or reconstructed in part for the WTSU production by Royal Brantley, workshop director.

Set in Prague in 1787, the comic drama blends comedy, melodrama and supernatural elements. The action revolves around the romantic peccadilloes of Don Giovanni, who, after a succession of amorous conquests, meets defeat in three encounters.

Taking the title role for the production is bass Jerry Hoover. Leporello, Giovanni's harrassed servant, is portrayed by Lee Kendle, and the idealistic young nobleman, Don Ottavio, is being played by tenor Dwayne Hood.

Donna Anna, the young noblewoman betrothed to Don Ottavio, is sung by soprano Kathy McNeil. Donna Elvira, a noble lady betrothed and deserted by the Don, is played by soprano Rosemary Burkhardt, and Zerlina, a young peasant girl, is played by soprano Loran Fulton.

The young peasant Masetto is sung by baritone Travis Angel. The Commendatore, Donna Anna's father, is played by baritone David Robinson.

Jerry Doan is associate director of the production, Margaret Moore, is acting coach, Neil Hess

Cafeteria Menu

REX REEVES AND GENE HOWE ELEMENTARY

Monday, Nov. 18 — Barbecued Franks; Creamed Potatoes; Green Beans; Fruit; Rolls with Butter; Milk.

Tuesday, Nov. 19 — Corn Dogs; Chili Beans; Lettuce Wedge; Cabbage; Bread; Chocolate Milk.

Wednesday, Nov. 20 — Meat Loaf; Creamed Potatoes; Black-eyed Peas; Carrot Sticks; Fruit; Bread; Milk.

Thursday, Nov. 21 — Hamburgers with Lettuce, Tomatoes; Tri-Cuts; Apple Sauce Cake; Chocolate Milk.

Friday, Nov. 22 — Stew; Cornbread with Butter; 1/2 an Orange or Peaches; Milk.

CANYON HIGH AND JUNIOR HIGH

Monday, Nov. 18 — Burritos with Chili; Tossed Salad and Buttered Corn; Apple Crisp; Bread with Butter; Milk.

Tuesday, Nov. 19 — Pizza; Baked Beans; Tossed Salad; Bread with Butter; Milk.

Wednesday, Nov. 20 — Chip-o Pie; Green Beans; Tossed Salad; Cake with Fruit Topping; Bread; Milk.

Thursday, Nov. 21 — Hamburgers with Lettuce, Tomatoes, Onions and Pickles; French Fries; Orange Juice; Cookies; Milk.

Friday, Nov. 22 — Steak with Gravy; Mashed Potatoes; Green Beans; Peach Cobbler; Rolls with Butter; Milk.

FFA Fruit Orders Being Taken Now

Orders for fresh boxed oranges and grapefruit are being taken by the Canyon High School chapter of the Future Farmers of America for delivery to be made in early December.

The fruit comes in 20 pound and 40 pound boxes and may be mixed fruit. Orders may be placed with any FFA member or by calling the CHS agriculture department, 655-2168 and ask for the ag department.

S.P.R.Y. Club Today

The S.P.R.Y. Club will meet at 11:30 a.m. today, Nov. 14, for a luncheon at the Fellowship Hall of the United Methodist Church. David Cameron will present the devotional.

WT Graduate To Be Inaugurated As Ninth Cottey College Prexy

Dr. Evelyn L. Milam will be inaugurated as the ninth president of Cottey College, a two-year liberal arts college for women, on Nov. 23, with Dr. John D. Moseley, president of Austin College in Sherman, delivering the inaugural address.

A native of Texas, Dr. Milam holds the Ph.D. degree from the University of Wyoming, the M.A. degree from Texas Tech University and earned the B.A. degree from West Texas State University in Canyon. She is the daughter of Mr. and Mrs. John K. Milam of Sudan, Texas.

Before assuming the presidency of Cottey College in early August, Dr. Milam was professor of education and psychology at Austin College, where she had been a member of the faculty and staff since 1962. She had served as an administrative officer for the department of teacher education and as director of admis-

sions and financial aids.

Dr. Milam was the recipient of the M. Margaret Stroh International Fellowship from Delta Kappa Gamma, honorary society for teachers in 1967. Among her professional memberships, she lists the American Psychological Association, the American Personnel and Guidance Association, the National Education Association, National Vocational Guidance Association, American Association of University Women, International Society of Delta Kappa Gamma and Phi Kappa Phi. She is listed in Who's Who of American Women, The Dictionary of International Biography and Who's Who In The South.

Combined with the inauguration ceremony will be the dedication of a \$1 million academic building opened for use this fall on the Cottey College campus. The college was founded in 1884 by Virginia Alice Cottey, who served as president more than 40 years. The college has been owned and supported since 1927 by the P.E.O. Sisterhood, a philanthropic educational organization of some 186,000 women from coast to coast, and Hawaii and Canada.

Senior Citizens Supper Is Tonight

Canyon's Senior Citizens will meet for a covered dish supper at 6 p.m. tonight, Thursday, at the Canyon Community Center.

The supper will be preceded with a board meeting at 5:45 p.m. and games and fellowship will conclude the evening.

Census Survey To Eye Voting

Did you vote November 5? Were you registered but did not vote?

The Bureau of the Census will ask these and other questions about voting activity in the 1974 election of persons 18 and older in a sample of households in this area during the week of November 18-22.

No questions will be asked about party affiliation or for whom a person voted. The survey will provide a profile of the typical American voter and non-voter: age, sex, residence, education, labor force status, and family income.

In a similar survey following the 1972 presidential election, about 63 percent of the civilian population of voting age, excluding persons residing in institutions, were reported as having voted. This compares with voting turnouts reported in previous Bureau surveys of 68

percent in 1968 and 69 percent in 1964.

The voting questions are in addition to the usual ones asked in the monthly survey on employment and unemployment conducted nationwide by the Bureau for the U.S. Department of Labor.

Results of this monthly survey provide a continuing measure of the economic health of the country. The September survey showed that both employment and unemployment continued to rise. Total employment rose by 350,000 from August to September, while the Nation's unemployment rate rose to 5.8 percent compared with 5.4 percent in August.

Information supplied by individuals participating in the survey is confidential and results are used only to compile statistical totals.

Scout Camporee Held Last Week

The fall camporee with seven patrols from two Canyon Scout Troops attending was held for the Randall District last weekend.

Three patrols from Troop 66 and four patrols from Troop 132 attended the camporee in Camp Don Harrington north of Canyon.

Events included in the camporee were pancake flip, flint and steel, compass, knots, first aid and nature hunt. Patrols were also graded on campsites and conduct.

A campfire was held Saturday night with each patrol furnishing entertainment. Sunday morning church services were conducted by Gary Fletcher, Troop 132 patrol leader, Rockie Stone, senior patrol leader of Troop 66, and Jack Crager Jr., assistant scoutmaster of Troop 66. Antelope Patrol of Troop 132 won the various events, followed by Falcon Patrol of Troop 66.

Charles Peckinpugh, district scout commissioner, thanked those who assisted in the first camporee of the year.

They included Jerry Helfenbein, district executive; Glenn Williams, district scout commissioner; C. B. Stone, assistant scoutmaster of Troop 66; Pat Jerrett, ex-Scout with Troop 66; Elton Baker, committeeman for Troop 66; Jeff Edmond, assistant scoutmaster for Troop 132; Cary Magness, scoutmaster with Troop 132; and Richard Fulton, scoutmaster of Troop 66.

9 Indicted

Nine persons were indicted Monday by Randall County grand jurors. They include:

Robert Bruce Mitchell, charged with aggravated robbery by firearm

John Wesley Wootton, charged with burglary

Danny Chaparro, charged with burglary

Ginger Kay Rodgers, charged with unauthorized use of a motor vehicle

Jerry N. LaGrone, charged with driving while intoxicated, subsequent offense

Monty Carl Archibald, charged with obtaining a controlled substance by forgery

Kathy Levis Daniels, charged with attempting to obtain a controlled substance by forgery

Marcella Sue Green, charged with attempting to obtain a controlled substance by forgery

John Wayne Abernathy, charged with possession of marijuana.

City Students Win Top Honors In Voice Test

Nineteen voice majors from West Texas State University's Music Department journeyed to Austin this week to compete in the Southwest Regional meeting of the National Association of Teachers of Singing.

In competition with approximately 700 students from the six-state region, WTSU netted 12 semi-finalists from its 19 entrants, and claimed an impressive six of the final awards.

The 12 WTSU semi-finalists included Lauren Fulton, David Robinson, Linda Johnson and Johnny Johnson of Canyon.

The award-winning finalists were Frank Davis, who tied for first place in the sophomore men's division; Lauren Fulton, who won second place in the sophomore women's division; Bruce Ford, who won second place in the freshmen men's division; Jeff Stevens, who tied for third place in sophomore men's division; J. D. Bayless, fifth place in sophomore men's division; and Lynette English, sixth place in freshman women's division.

Visiting

Visiting last week with Mrs. Fannie Franklin of 610 14th Street was her daughter and son-in-law, Mr. and Mrs. Oscar Rice of LaPaw, Colo.

Rice is a retired state mine inspector. The couple was here for a week-long visit before going on to tour Arizona and California before returning home.

Lines Long . . . But Food Good

By ANN MELIN

Once again the Umbarger German Sausage Festival scored a major victory over the all-American phobia of waiting in line.

Attempting to write about the annual event always poses problems as to what to say after one has established the number of mouths fed and the size of the line. Attending the festival last Sunday were some 4,000 hungry souls who formed part of a human chain that at midday was said to have extended a quarter-of-a-mile from the Parish Hall where the event is annually held.

That established, a reporter who wants to be good for another few paragraphs, has no other choice. He's gotta go subjective, relating the events that occurred at his point along the chain.

At approximately the same time many of the Umbarger townfolk were gathering in St. Mary's for the pre-festival mass, I awoke one of my friends with the suggestion that she accompany me to the festival. Since Georgia Franklin's mother came to America from Germany shortly after World War II, I thought the cultural tie might be a factor in pulling her out of bed for a Sunday excursion. No urging was necessary in getting

Pop Singer Sunday Nite

Anne Murray, Canadian singer, will present her greatest hits at 8 p.m. Sunday in the WT Fieldhouse. Miss Murray was born in the mining town of Sprinphill, Nova Scotia. She graduated from the University of New Brunswick with a bachelors degree in physical education and taught one year in Prince Edward Island, Canada, before pursuing a career in show business, which was her preference.

Miss Murray recorded two Canadian Capitol albums which became best-sellers.

Miss Murray has appeared on the "Glenn Campbell Show," her own special, Johnny Carson's "Tonight Show," "Merv Griffin Show," "Dean Martin Show," "Helen Reddy Show" and many other variety presentations. She had nominations for Grammys and the Academy of Country & Western music award.

WT student admission is \$3; general public is \$5 per person.

another friend, Guy Smith, to come along since as a former Canyon resident, he was well aware of the charms of the event.

The ride from Amarillo to Umbarger found Smith and I expounding on the delectability of the sausage, kraut and fixin's, and the general feeling of friendliness to be encountered at the festival. All the time, we were hoping our favorable account would do something to counteract the initial impact of shock a newcomer to the festival feels upon first driving up to the scene.

Georgia gasped. "EEEE-gads! That's the line? You mean we have to wait in THAT line?"

"Only if you're still hungry," was our reply.

Generally, it's at this time that Yankee ingenuity attempts to hold fast to its notions that lines are good only when they're drawn on paper, in pencil, and can be erased with ease.

"Well, now, let's see if I can distinguish a familiar face close to the front," Georgia said with resolution, her eyes searching over the throng.

"Georgia, when a line's that long, people don't look kindly upon you when you walk up and cram in front of them," I admonished.

"That's not the idea," she offered brightly, "the idea is not to cut in front of someone. It's to strike up a friendly conversation and ease in front of them. There's an important difference."

While walking to the end of the line, Georgia lit up and cried, "Well, hi there! I haven't seen you in ages." Reckoning this was the beginning of an easing conversation, Guy and I left her there, and walked on down the ranks to the end of the line. Once stationed, we commented on the nice weather, watched a jet plane trace an arc across the sky, and reminded each other of the pleasures that lay awaiting at the end of the queue.

After a spell, our friend Georgia rejoined us, all smiles.

"Did easing turn out not to be so easy?" we asked.

"No, it wasn't that," Georgia replied in a tone revealing a newfound sense of friendly equanimity.

Guy decided to go off in search of a place that was open and selling cigarettes. He returned after failing in his quest. By that time Georgia was deep in discussing

her mother's escape from war-torn Germany and her own impressions of Germany after a visit there two summers ago.

Guy and I shared our one remaining cigarette and listened. By this time, we were nearing the goal. A feeling of triumph over meander spirits came over us as we entered the warm and bustling hall.

"Sausage?"

"You Bet!"

"Another? Another?"

Not only does it seem amazing that a small township like Umbarger can feed so many, it is only slightly less awesome that it can have food enough to overfeed them. One doesn't have to ask for seconds, one is proffered them before they're even requested.

By the time we found a table, Georgia had struck up an acquaintance with a Canyon resident who had also toured Germany while stationed there with the Armed Forces. Names of German cities and recollections of German friends were interspersed between bitfuls of steaming sausage.

"Well, Georgia, wouldn't you agree there's a feeling of comfortable good will, of what the Germans call 'gemütlichkeit' in the air here?" I asked.

Georgia grimaced. "When you pronounce that word, please pronounce the u as 'e,' only round your lips when you say it. It drives my German cousin crazy, the way Americans pronounce that word!"

WHAT IS DIABETES MELLITUS?

The body cannot make full use of all the foods eaten, (particularly sugars and starches) because the pancreas does not secrete enough insulin to turn these foods into energy, or to store them. These foods increase the blood sugar level until it passes through the kidneys into the urine.

WHO GETS DIABETES?

Anyone may become diabetic but certain people have a better chance of developing diabetes than others.

Heredity — over 80% of diabetics have a positive family history.

Age — it is primarily a disorder of middle and older ages.

1-20	1 in 2500	50-60	1 in 100
20-40	1 in 1000	60-70	1 in 50
40-50	1 in 200		

Sex — although no respecter of sex, diabetes has a special preference for women.

Overweight — overweight people get diabetes more frequently than those who are not. Over 80% of newly developed cases are overweight.

SYMPTOMS OF DIABETES

Most common—excessive urination, excessive thirst, excessive hunger, loss of weight, weakness, tiring & fatigue

Less common — slow healing of cuts and bruises, changes in vision, pain in the fingers and toes, drowsiness, intense itching

Often, particularly in older individuals, there may be no symptoms.

HAVE YOUR FAMILY TESTED!

Most doctors test routinely but, millions of people do not yet know they have diabetes.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

into interest and sinking funds.
Davis said, though, it is possible a complete revaluation of property within the county planned now by Tax Collector Mrs. Audrey Bruce could raise enough additional money to pay off the indebtedness at the current tax rate.
Mrs. Bruce has begun the re-evaluation effort, and commissioners hope the new look at property will bring more funds into county coffers.
To raise the additional 5 to 8 cents needed to pay off the indebtedness for the new annex will require an average tax increase for owners of a \$20,000 home of about \$8.40 per year under the taxing system to be used by Mrs. Bruce next year. Additional tax on a \$3000 car would be about \$1.26.

Annex...

(Continued from Page 1)
them.
Vaughan's plans for the annex include only finished space for the county tax collector's office. State law prohibits construction of an annex to house other offices and commissioners were forced to strike from their plans room for a sheriff's office and justice of the peace facility.

Chamber...

(Continued from Page 1)
Western Wear, Tweedle Dee children's shop, Williams Etc., Haley's, Cheatham's, Shell's Pharmacy, Western Auto, White's Auto, Byrd Pharmacy, Furniture Galleries, West Texas State Bank, First National Bank, Sternberg Lumber Co., Jean's of Canyon, Deon's, Jennings and Carriage House Shoes.

Band Record Sought

West Texas State University bandmen will try to set a world record Nov. 23 when they march en masse from Canyon to Amarillo.
A spokesman for the band said there is apparently no record for distance marching by a university band in the Guinness Book of World Records.
The band is to march 20 miles from the WTSU Fine Arts Building along the east access road of the Canyon Expressway to

Amarillo.
They will be in full uniform and will be playing various tunes as they go.

The 240 members of the band are using the march to help raise money for a February trip to Berkeley, Calif., where they are to perform for the College Band Directors annual conference.

Members will be contacting local residents to sponsor their walk for 10 cents per mile.

Eagles...

(Continued from Page 1)
Johnson, who alternates in the backfield but who is scholastically ineligible this week.
Jonathan Hull, who came up from the junior varsity last week against Muleshoe, is not eligible to play this week because he's already seen action in 10 games this season, a maximum in school-boy football.

The injury list of the Eagles bothers Mills, who says the number of injuries this year "is twice as many as I've seen injured before."

Other than the Forehand injury, the others are of the sprained ankle or bruised thigh variety. One player has the stomach virus, and one underwent surgery for an injured knee.

Mills said the injuries have not had a significant effect on the Eagles.

"The kids will give a good accounting of themselves," he said. "They'll fight."

Trustees...

(Continued from Page 1)
procedure to be used in filing documents for the CISD board appeal of the original decision. Dowlen is to meet with the trustees on that matter, saying he believes the appeal could be termed "litigation" as used under Texas law permitting closed meetings only for trustees to discuss pending litigation with their attorney.

Benefit Dance Show Set For Kelly Forehand

A benefit show for Kelly Forehand has been scheduled for 7:30 p.m. Dec. 5 at Canyon High School sponsored by McLean and Co., a dance group from Amarillo.

Other talent from Canyon will also appear on the show. Those interested in participating should come to the high school auditorium at 10:30 a.m. Saturday.

But, setting the injuries aside, Mills agrees his charges may be a bit down for the Friday game against Levelland.

With the district championship already sacked up, the Eagles might view Friday night's home game as something less than a challenge. The Lobos are already out of the contention for the championship and the Eagles are of necessity setting their sights on the bi-district game to follow.

"I think it will be hard for them (the Eagles) to be as high as they would have been if the game really meant something," Mills said. "I think we'll be ready to play but we won't be as high as we'll be in bi-district."

The Eagles will be facing a team which runs the Houston veer, a team Mills says has "lots of talent."

The Lobos are 1-2 in district play and have been inconsistent in games this fall.

Game time will be at 7:30 p.m. Friday in Kimbrough Stadium here.

Graveside Service For Hubbard Baby

Graveside services were held Sunday at Dreamland Cemetery for the infant son of Mr. and Mrs. Johnny Lee Hubbard of 5134 Royce, Amarillo.

Dr. Winfred Moore, minister of the First Baptist Church in Amarillo, conducted the graveside rites. Arrangements were handled by LaGrone Funeral Home in Canyon.

Surviving in addition to the parents are a sister, Juliegh of the home, and grandparents, Mr. and Mrs. H. F. Hubbard of Kermit and Mrs. Fred McAllister of Amarillo.

Padilla Baby Born Nov. 11

Mr. and Mrs. Eddy E. Padilla of 2007 2nd Avenue, Canyon, announce the Nov. 11 birth of Isaac Eduardo Padilla.

The infant weighed 7 pounds, 5 ounces and measured 19 inches in length at birth in Neblett Memorial Hospital here.

Maternal grandparents are Rev. and Mrs. Desiderio del Pozo of Houston and the paternal grandparents are Mr. and Mrs. Eligio C. Padilla of Amarillo.

The infant's father is a lineman with Southwestern Public Service.

Residents Honored By Pioneer Gas Co.

Four Canyon residents were honored Thursday night at Pioneer Natural Gas Company's annual service award dinner at the Tascosa Country Club in Amarillo.

Heading the list of awardees was Merlin M. Callaway, who was presented a 30-year award, with James R. Mardis being recognized for 25 years of service and Beverly G. Hopper and Gerald D. Seibold both received five-year awards.

K. Bert "Tex" Watson, president of Pioneer, presented the awards at the banquet which was the last of three such events held by the company at different cities in its service area. This year a total of 210 employees, representing 2,430 years of service, were honored.

Harrell Floyds Announce Birth

Mr. and Mrs. Harrell E. Floyd of 1813 Darden, Amarillo, announce the Nov. 6 birth of a son, Lynn Everett, at Neblett Memorial Hospital in Canyon.

The infant weighed 7 pounds 15 ounces on arrival and measured 19 1/2 inches in length.

Mr. Floyd is employed with Cook Book Bread and the couple has two other children, Lee Marvin, age 4, and Lesly Joe, 1 year.

Grandparents are the Vern L. Floyds in Denver City, Tex., and Joe Montgomery, Jr. in Del Rio, Tex.

Going somewhere? Or been? The Canyon News wants to know about it — and so do its readers.

Gold Star 4-H Awards Presented Here Monday

Gary Reynolds and Ronda Davis were presented the honors and recognition as Randall County's "Gold Star 4-Hers" Monday evening during the annual 4-H Awards Night Program held at the Canyon Community Center.

The Gold Star Awards are presented to the 4-H boy and girl having the best records on various 4-H projects each year. A district banquet honoring the Gold Stars, their parents and

extension agents will be held Saturday in Amarillo.

Ronda is the 14-year-old daughter of Mr. and Mrs. Ervin Davis and was one of the first members during the organization of the Jowell 4-H Club, where she has been a member for five years. She has held the office of president, vice president, secretary and council delegate in her club and has won a medal in food and nutrition, safety, health, leadership and

certificates for goat and sheep raising, and a third place on her lamb. She also won the County Foods Show.

Gary is the 16-year-old son of Mr. and Mrs. Earl Reynolds of Route 2, Box 94, Canyon and has been active in 4-H club work for seven years. He is a member of the Cleta 4-H Club and a senior at Canyon High School. In 4-H clubwork, Reynolds has done projects and demonstrations on horses, recreation, photography,

electric, automotive, safety, health, field crops, small engines, tractor safety and operation and had projects in beef, swine and conservation categories and was a member of the 4-H livestock judging team.

County Extension Agents John Brazzil and Becky Hall presented the Gold Star Awards and also recognized a number of other local 4-H youths on the county program Monday evening.

Other 4-H awards presented were:

Achievement: Sharon Daugherty and Shawn Hollis
Agricultural: Kevin Hartman
Automotive: David Abbott
Beef: Larry Hartman, Robert Stevenson, Jr. and Gary Reynolds.

Clothing: Linda Hartman, Debbie Dutton, Joetta Adams and Darrin Thompson.

Consumer Education: Anita Adams, Cindy Dugan and Nax Pace.

Dairy: Chuck Janssen.
Food Nutrition: Hilda Hartman, Dianna Adams, Kathy Adams and Jill Leavitt.

Health: Jay Irlbeck.
Home Environment: Doris Grabber, Carolyn Spears, Dorothy Walton and JoAnn Janssen.

Home Management: Sandra Nelson, Shariette Smith, Debra Gann and Kaylene Roby.
Safety: Brenda Abbott, Jamie Irlbeck, Ronnie Adams and James Irlbeck.

Swine: Donnie Adams, Troy Adams, Allen Adams and Greg Adams.
Citizenship: Jay Findley.
Sheep: Robert Gist.

Dress Revue: Linda Ramackers, Jackie Skarke and Kaye Lynn McCasland.

Leadership (Texas): Bobby Janssen, Bruce Hartman, Paula Stevenson and Tim Adams.
Leadership: Ronda Davis and Debbie Hales.

Petroleum Power: Mikel Grabber.

WTSU Prof. Publishes New Article

Dr. Wilma Jo Bush, West Texas State University associate professor of education, has published an article "Categories: In Memoriam, But Not Yet" in the Spring, 1974 edition of "The Journal for Special Educators of the Mentally Retarded."

In her article, Dr. Bush discusses the problems and benefits of category labeling of the mentally retarded, a complex and ever-changing system which tugs between offering understanding for teachers and legislators and causing alienation for the labelled.

Dr. Bush has already published several articles, and two books: "Aids to Psycholinguistic Teaching" and "Diagnosing Learning Disabilities" with Dr. Kenneth Waugh of WTSU.

She will address the Danish Association of Speech and Voice Therapists next spring to explain her practical applications of the theory behind psycholinguistics.

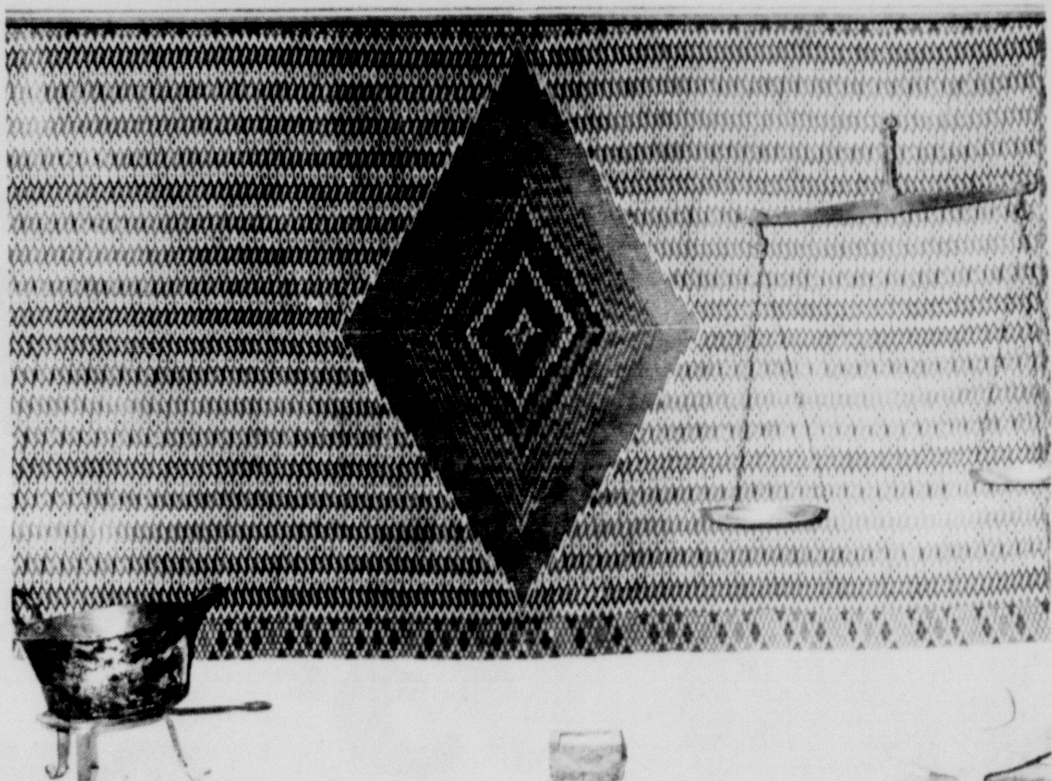

Locals Finish Police Courses

A Canyon policeman and two from West Texas State University received diplomas acknowledging their completion of education required for certification as law enforcement officers in Texas.

Joseph Piola Jr., Canyon patrolman, and Morris A. Arnold and William E. Ottosen Jr., patrolmen with the WTSU police, received certificates from State Sen. Max Sherman recently after graduation from the course at Amarillo College.

JIM HANSON prepares a penitente necklace in the new display case at the Panhandle-Plains Historical Museum. The penitente necklaces were worn by Catholics during the Spanish era and the retablo painting is of St. Catherine of Alexandria. As explained by Hanson "the retablo paintings are a flat painting or religious picture on wood or tin."

HANDWOVEN Saltire Sarape donated to the Panhandle-Plains Historical Museum by Mrs. H. S. Griffin forms the backdrop of a new display case in the main foyer. Also displayed in the case are a New Mexican copper

kettle and trivet; a domal griddle for making tortillas (bottom left) and a balance beam scale dated 1817; and a metate used for grinding cornmeal, a staple food of the diet.

Honor Society Initiates Twelve Students

The West Texas State University Iota Theta chapter of Kappa Delta Pi, national honor society in education, recently initiated 12 Canyon members into the organization.

Qualifications for selection are junior standing or above, a 2.2 grade point average overall, a 2 grade point average in education and enrollment in the Teacher Education program.

The students from Canyon initiated into Kappa Delta Pi are Viki Cooper, daughter of W.A. Cooper, Jr. of 3205 Conner Drive, Mrs. Edna Corley of 714 Taylor

Lane, Miss Diane DeGeer of Box 243 WTSU; Jeanette Head, wife of Billy Neil Head of 2523 7th Ave.; Melissa Herber, daughter of Mr. and Mrs. David A. Herber of 201 W. 28th St.; Jana Johnson, daughter of Mr. and Mrs. J. Roland Johnson of 1124 Hillcrest Drive; Mrs. Charlotte McClure of 504 Taylor Lane; Miss Marianne McGlaun of McCaslin

Hall, Cathy Reilly, wife of Michael Reilly of Box 1935 WTSU; Kathy Roberts, wife of Larry A. Roberts of 203 28th St.; Debra Rossi, daughter of Mr. and Mrs. Christen Rossi of 406 9th Street; Teresa Rush, wife of Dana G. Rush of 2608 2nd Ave.; Miss Kim Sharp of Schaefer Trailer Park #17; Donna Smith, daughter of Mr. and Mrs. Shirley Smith of Rt. 1, Box 330.

BSP Sorority Has Meeting

"The Good Life" was the topic of discussion at a meeting Thursday of Xi Kappa Zeta, held at the home of Barbara Tuck.

Plans were also discussed for a dinner for members' mothers slated Nov. 11 at the Yum Yum Tree Restaurant.

Mrs. Tuck served as hostess for the evening. Members present included Virginia Johnston, Shirley Stevens, Sue McCale, Nell Sims, Juanita Johnston, Ernestine Costley, Kay Thomas, Evelyn Green and Velta Hord.

The next meeting of Xi Kappa Zeta is slated Nov. 19.

News Brief

Representing West Texas State University at the recent South Central Modern Language Association meeting in Houston were Dr. Pat Sullivan, chairman of the English Department, and Dr. Russell Sparling, assistant professor of English.

Mrs. E.L. Cranmer, Rt. 2, Box 52, Canyon is reported to be recuperating well after surgery at St. Anthony's Hospital in Amarillo. She is in room 343 and expects to remain hospitalized for another week before coming home.

The Texas Association of Student Councils District One met Wednesday at the West Texas State University activities center ballroom. More than 400 students from 28 schools were present.

Siesta Noticias

By DORIS McKEE

GREETINGS FROM OUT Siesta way. It's just about two weeks until Thanksgiving and then a month more until Christmas. Time really is getting away from us.

A BIG WELCOME to some new comers in the park: Mr. and Mrs. Joseph Fazio, Mr. and Mrs. Mural Tension, Thomas and Gladys Ellis, the Joe Ziegler and Mr. and Mrs. Lett, who just moved in the new double-wide. Hope all of you will be happy here with us.

Welcome To Newcomers

Our loss is someone else's gain, so a fond farewell to the Newkirk, to Sue Ivey and to Mr. and Mrs. Mussman who have all recently left Siesta. We hope they will all be very happy and successful where they have gone to. We are also losing Loretta and Kenneth Ward. They are transferring to Borger. We hope Borger will be good to you.

Mrs. Huddleston mentioned that she had a letter from Louise and Elmer Asbell who used to live on Siesta Lane here in the park. They are now residents of Spenard, Alaska. Louise said to tell everyone hello.

Speaking of old tenants, Brenda Knoll of Weatherford, Okla., formerly of Loma Linda Lane, was in the park last week. She stopped in at Pearl West's. I talked to her on the phone and she said they were all fine and liked it in Weatherford real well. That's just great and stop in and see us any time you are in this area.

YOURS TRULY AND my favorite spouse, Royce, celebrated our 15th wedding anniversary last week. Wasn't too sure we would ever make it this far, but since we have, I think we'll just try to double it. Had a real nice anniversary with gifts, cards and going out to eat.

WAS TALKING TO Carolyn Bays on Sunday night and she said her sister-in-law, Charlotte Belyeu from California was moving to Texas. She is going to spend some time with Carolyn and her family until she can get a place of her own and a job, probably in Amarillo. Welcome to Texas, Charlotte.

WELL, SHARON JONES has finally gotten to come home, after several weeks stay in High Plains Baptist Hospital. She is still on medication, has to have physical therapy three times a week and walks a mile a day. It's nice to have you home, Sharon.

Earl Hunt was in the hospital recently for a couple of days. Hope all is going well, now.

Sharon Fleming has also been back in the hospital for a few days. She is home now and hopefully getting better daily.

Charles Russell's father has been in the hospital. We wish him a speedy recovery. Also, we would like to extend our deepest sympathy to Charles on the loss of his aunt recently.

Seems several of our tenants are now spending their time in Northwest Texas Hospital. Sandy Floyd has been in having some tests run. Mitch Griffin is in there due to a broken leg. Susie Singleton, Oleta Potter's mother, is in due to her headaches.

Scott Pingel, Jo and Ron's young son, is there. He has had a high temperature and has been under oxygen. I stopped in to see him Sunday afternoon. He was some better then. We certainly hope to see all of you out of there and back to good health very shortly now.

I have been to Northwest Texas Hospital several times in the past week. A very good friend of Royce and mine, Lon Barnett is there. He had heart surgery a week ago. Things are looking up for him some now.

NOW FOR THE sports activity our kids here in the park are participating in. Michael Coffelt who wrestles for the Lawndale team was pinned by his opponent this Sunday. Michael wrestles on this team, because his uncle, who is one of the coaches, wanted him to. Better luck next week, Michael.

Gene Howe has a small wrestling team. We have two boys from the park who are on it. They are Mickey Bays and Tod McKee. Larry Bays, Mickey's father, is one of the coaches for this team. This is the first year any of these boys have wrestled. We certainly do want to wish them the very best luck.

If any of you boys in the park, or who go to Gene Howe, would be interested in joining, please call Mr. Meier at 352-4450. It's not too late to join yet and the team could really use you. The fee is \$2.50 and they work out on Monday and Wednesday evenings. Matches are on Saturdays or Sundays.

GOT A REPORT on the eighth grade girls basketball team that Janet Coffelt plays on. She plays on the purple team and they lost their Monday night

game to the white team by an 8 to 16 score. Better luck next time.

Cecelia Bays plays on the seventh grade white team and they beat the purple team Monday night by a 24 to 17 score. Keep up the good work white team.

NOTICED LARRY WEE-TER built a porch top over their front porch this week. Looks nice and am sure it will be enjoyed this winter.

WE HAVE A new Ding-Dong lady in the park. Linda Shaffer is now selling Avon products. If she hasn't called on you yet, give her

time, she'll be there before long.

THERE HAS BEEN so much sickness around here lately that I thought I'd throw in a couple of cheer jokes:

A stranger ambled into the farm yard and was greeted by the farmer. The visitor produced his card and remarked, "I am a government inspector and am entitled to inspect your farm." Half an hour later, the farmer heard screams from his alfalfa patch, where the inspector was being chased by a bull. Leaning over the gate as the inspector drew near, the farmer cried, "Show him your card Mister — show him your card!"

Did you know that a tree is something that will stand by the side of the road for fifty years and then suddenly jump right in front

of a woman driver? Hope these cheered you up a little.

OH YES, PAT Reed is getting along pretty good, but I believe she is going to be off work at least another week. Back injuries sure do have to be taken care of, or they can ruin a person for life.

GARY AND JANE Judd and their daughter, DeDe spent the week end in Dimmitt with the Kindle family, who are long time friends. DeDe has been sick recently, but is better now.

GUESS I HAD better put down the ole pencil for now. Keep on reading.

Thought for this week: "Lend a hand, speak a kind word, give a smile and be a good neighbor, it will be worth your while."

See ya.
Doris McKee — 355-4133

'Alice In Wonderland' Set At WT

"Alice in Wonderland," Lewis Carroll's gift to children of all ages, is scheduled for production for the West Texas State University Alpha Psi Omega annual Christmas show.

A combination of imagination and the artistic effects of light, sound, makeup and costuming, are being put to work in an effort to bring the play to life on the stage.

The script was reconstructed and adapted from the original play and the Walt Disney film by directors Ron Williams and Shelley Hamrick.

and 12 at Rex Reeves and Gene Howe Elementary Schools. A public performance is set for 7:30 p.m., Dec. 12 in the Branding Iron Theatre. Tickets will be priced at \$1 for adults and 50 cents for children. All proceeds will go toward the Alpha Psi Omega scholarship fund.

Taking the leading role of Alice is Kathy Lynn. The White Rabbit is portrayed by Dennis Sullivan, the Cheshire Cat by Terry Wilkes, Tweedledee and Tweedledum by Ron DeVoe and Leonard Herndon, the Madhatter by Don Washburn, the March Hare by Richard

Nance, the Dormouse by Robin McKenzie Goodhue and the Queen of Hearts by Shelley Hamrick.

Cast as the playing cards in the show are Cheryl Tatham, Roger Meredith, Allan Denny, Joe Anderson and Mark Shepherd. Pam Hurst and Kim Durden portray ladies-in-waiting for the Queen, and Kathy Schmidt plays a Lady of the Court.

Sets and props are being handled by Mark Chalupka and lighting is under Brian Ferrence. Williams, who is serving as this year's Alpha Psi president, says the play offers an interesting challenge because of the special effects required to evoke the phantasmagorical Wonderland. The show has to reproduce such things as the imagery of an expanding and contracting Alice and a disappearing and reappearing Cheshire Cat, and at the same time keep the stage accoutrements essentially simple in order to carry it to the public schools, Williams said.

Because the annual Alpha Psi Christmas show has met with annual success, and because of the need in the area for more theatre experiences for children, Williams says Alpha Psi's plans may include a spring children's production this year as well as the traditional Yuletide offering.

News Brief

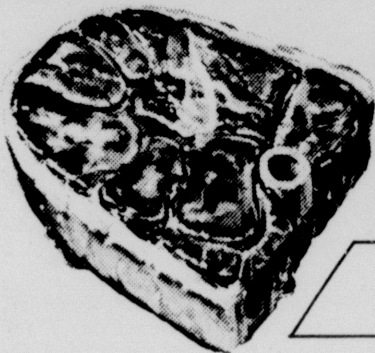

The second grade Bluebirds, led by Mrs. Emma Lou Higgins, have "adopted some grandparents" at LaCasa Canyon Nursing Home.

The Bluebird group will be paying special visits and remembering Jerry and Eunice Farr, LaCasa residents, throughout the year.

Bufs Will Try For Winning Season Against North Texas State

REVIVAL

NOVEMBER 17 - 24

CALVARY BAPTIST CHURCH
800 8th STREET

DR. FRANKLIN SWANNER
Evangelist

BILL WEBB
Singer

NOON SERVICE (Mon. - Fri.) 12:00 noon

EVENING SERVICE 7:30 p.m.

Derrel D. Lewis, Pastor

The unpredictable West Texas State University Buffaloes, heading for a winning season under Coach Gene Mayfield, will take the field for their final home game of the year against North Texas State's Mean Green at 1:30 p.m. Saturday.

The Buffs, fresh off a surprising 24-6 waxing of Tampa's Spartans last week end, could clinch their first winning season under Mayfield with the Saturday game. The Buffs currently boast a 5-4 record with wins over Tampa, Drake, Wichita State, Southern Mississippi and Idaho.

The North Texans of Hayden Fry boast a dismal 2-5-2 record after tying Wichita State 10-10 last week. But, the Mean Green has rallied for tough wins over New Mexico State and San Diego State.

Defending co-champs of the Missouri Valley Conference, the North Texans have suffered losses to SMU, Tulsa, Lamar, Louisville and Memphis State with another tie against Drake.

While both Buffs and Mean Green are out of the MVC title race this year (Tulsa garnered the top seat last week end), the two teams have played historically tough ball games. The Mean Green holds the lead in the series with WTSU by 11-4.

The Buffs will face a multiple set of offense with another outstanding quarterback threat when the Mean Green takes the field Saturday afternoon.

Quarterback Ken Washington, whose older brother Joe plays for Oklahoma, is 67 of 169

passing and has rushed for 380 yards this season. Although his rushing yardage against Wichita State was a minus 15 yards, Washington is the same type runner the Buffs faced last week end in Fred Solomon.

Mayfield hopes the work against the Tampa star has prepared his defenders for the darts of the North Texas freshman.

"I'd hope it's good to play someone like that to just get you ready," Mayfield said, "but then again you may lose confidence by just chasing him."

Fullback John Brown is top ground-gainer for the Mean Green with 504 yards in 122 carries. J.T. Hollins is Washington's favorite receiver.

The Buffs' wishbone offense is averaging 5.4 yards per down this year with Fullback Johnny Darden the top rusher with 457 yards. Halfback Eddie Richardson has added 383. Freshman Richard Riggins was the Buffs' leading rusher last week with 77 yards in 14 carries as he filled in for the injured Ricky Rice. Quarterback Tully Blanchard balances the wishbone with passes to tight-end Merced Solis and split-end Tracy Dickson.

In laying the trap for Washington and his running backs, the Buffs will use their standard 4-3 defense, but on certain situations could switch to the 5-2.

Tackle Walter Chapman and middle linebacker David Deaton top the Mean Green defense which also switches from the 4-3 to the 5-2. Chapman was all-conference as a freshman last fall, and Deaton earned MVC player of the week honors for his performance in the Green win over San Diego State.

The Buff defense has gone from the worst in the MVC in 1973 to the best so far this year. West Texas has held two opponents without touchdowns this year and Tampa couldn't score until the final play of the game. Mayfield points to the improvement and play of three newcomers as a reason for the

reversal. "You analyze the improvement of our defense this year and you see the addition of two freshmen and a junior college transfer," he said. "Mike Lusane and Larry Spears, along with Floyd Jones have been carrying a lot of the load. Spears is just the heart

and soul of our defense." Spears had six tackles and three assists against Tampa while Lusane totaled five tackles and five assists.

The Buffs will take the following week end off to prepare for their season finale against Louisville.

Watkins, Curtis ... Pen Proclamation

Gilbreath Rites Held Wednesday

Funeral services for William Roy Gilbreath, 82, were held Wednesday at the First Baptist Church of Canyon with Rev. Bill Foil, former pastor, officiating.

Mr. Gilbreath died Monday evening at his home, 2006 2nd Avenue in Canyon. He was a retired farmer and moved to Canyon 14 years ago from the Lakeview Community. He was a member of the First Baptist Church of Canyon, Lakeview Masonic Lodge and the RN&O Sunday School Class.

He was born in Fannin County September 27, 1892 and was married to the former Lee Sneed at Windom, Texas May 4, 1913.

Burial was at Lakeview Cemetery, under the direction of LaGrone Funeral Home. Serving as pallbearers were Ocie Chism, E. H. Wright, Murray Boston, Albert Byars, E. B. Posey, Bobby Byrd, Hersey Williams, Bernard Warren and the RN&O Sunday School class served as honorary pallbearers.

Survivors include his wife, Lee, of the home; a daughter, Edith Nelson of Amarillo; three sisters, Mrs. Lona Wigley of Clovis, N.M., Mrs. Ruby Grisham of Dodge City, Tex., and Mrs. Dora Ingram of Bonham; three grandchildren and four great-grandchildren.

Canyon Boxing Club Brings In Trophies

Members of the Canyon Boxing Club came home with three first place trophies and a runner-up trophy at the recent Stinnett Boxing Tournament held over the week end.

Tom Peterson lost a three-round decision in the 65-pound Pee Wee Division to Bobo Navarrete, Amarillo, to bring home runner-up honors in that division.

Ted Clement won his three-round decision over Jessie Herrera of Hereford to bring home the 65-pound Junior Division title championship.

Johnny Johnson won a three-round decision over Ronnie Roybal of Guymon to take the championship in the 85-pound Junior Division.

Ernie Peterson decisioned Mike Betterson of Guymon in three rounds of the 80-pound Junior Class. He received the championship award and was later awarded the tournament

Sportsmanship Award.

Teams from Canyon, Stinnett, Hereford, and Guymon participated in the two-night tourney.

Other members of the Canyon Club entering the tournament were: Mike Murrell, Joe Doss, Randy Johnson, Robert Johnson, Mike Alman, Danny Alman, and Jody Peterson. Coach for the club is Troy Mitchell.

The Canyon Boxing Club will be competing Saturday night in a one-night fight-night at the Amarillo Lions Golden Gloves Gym with teams from Amarillo, Clarendon, Guymon and Muleshoe. Action will start at 8 p.m.

The Eagle Athletic Bags are in now and anyone wishing to obtain one may do so by phoning 655-4047 or 655-9140 after 8 p.m. The club hopes to obtain enough money from this project to purchase their letter jackets. The iron-on Eagle decals will be in sometime this week.

Saturday Is 'Gobin Day'

West Texas State University President Lloyd I. Watkins has officially declared Saturday "Steve Gobin Day."

The WTSU football player was injured in a car wreck in July, after playing varsity football for two years. The Perryton native is now at home after two months in the hospital and is making good progress.

With Dr. Watkins at the signing of the proclamation was Darrell Curtis, president of Alpha Tau Omega fraternity of which Gobin is a member.

Nov. 16 is the final home game for West Texas State. The fighting Buffs will face North Texas State after an upset victory over Tampa last week.

A dance Saturday to raise funds for Gobin, is being sponsored by numerous WTSU fraternities and sororities for West Texas State students.

The dance will begin at 8 p.m. in the Kappa Alpha Lodge on Highway 87 following the WTSU-North Texas State football game. A live dance band will be featured, and the cost is \$2.50 per person or \$4 per couple with free beer.

A fund to help defray the costs has already been started through individual donations from ATO, Zeta Tau Alpha and the Panhellenic Council. Other organizations are encouraged to participate.

Tickets for the dance are now on sale at the Activities Center, and from various individuals in the Student Union Building.

For more information, contact John Creech at 655-7998, Bruce Wyre at 656-3598, Marsha Thomas at 656-2620 or Susan Dollar at 655-7369.

Raquetball Tourney

Entries Due Friday

Entry deadline is Friday, Nov. 15, for a Raquetball Tournament to be held at West Texas State University Activities Center Nov. 22-24 under the sponsorship of Delta Psi Kappa, women's physical education fraternity.

An entry fee of \$3.50 is required and trophies will be given for first, second, third and consolation in men's and women's singles in two sections. Only the first 16 entries are to be accepted in each event.

Luna Places

In Final Meet

The Canyon High School cross-country team finished out its season last weekend with an Amarillo invitational event.

Cruz Luna finished the season with three medals, including one for placing 11th in the Amarillo meet last weekend. Luna posted his best time of the season in the meet with a 1:05.5. Winning time was posted by a Caprock runner with 9:48.

Luna also won medals in Borger and Sunray meets earlier in the year.

Former Resident

Dies In Arkansas

Theron S. Maxwell of Bentonville, Ark., died in early November at Bates Memorial Hospital there.

Born and reared in Bentonville, Mr. Maxwell had spent a number of years in Canyon where he was connected with Myers Farm Equipment. After retirement, he returned to Bentonville in 1961 to make his home.

He was a veteran of World War I, a 50-year member of the Masonic Lodge and member of the First United Methodist Church in Bentonville.

Survivors include his wife, Mrs. Emma Maxwell of the home; a step-daughter, Mrs. Jane Taggart of McAllen, Texas; and six grandchildren.

THANK YOU

Colleen and I are deeply grateful for the vote of confidence expressed at the polls on November 5. I congratulate Congressman Price on the fact that the campaign was run on issues and not personalities. I am anxious to assume the responsibilities and look forward to the tremendous challenges ahead. I pledge each of you my best efforts and look forward to serving all of the residents of the 13th District as your new Congressman in Washington.

Fish And Fowl

By GARY CONNER

I have mentioned briefly before the "duck factory" here in the Panhandle which receives very little attention. By furnishing the statistical survey facts below, it is hoped that more attention will be given these summer residents as well as a program of wise protection.

According to statistics furnished by Bob West, Texas Waterfowl Biologist, we raised approximately 7000 young ducks last summer from 14,807 adult ducks counted, for a total summer population of 21,807 ducks of different species. The "Mallard" population comprised 28.2% of the adult population as well as 71.6% of the young raised birds. The "Blue-winged Teal," "Cinnamon Teal," "Ruddy Duck," and "Redhead" were next in numbers of adult and raised birds. The fact that the Redhead adults raised 215 young birds or 3.1% of

total brood population was a feat in itself since the Redhead population nationwide is down so low.

Another important point which must be remembered when considering this survey is that last summer (74) was a very dry one for the Panhandle, and a good wet summer would have a very definite effect on the brood production.

It must also be remembered that these summer waterfowl residents and their hatchlings furnish the waterfowl sportsman and all who enjoy wildlife an unmeasurable amount of enjoyment throughout the year.

More protection is needed for these summer waterfowl residents based on sound management. This was the basis of the petition which was available to be signed at the Duck's Unlimited dinners throughout

the Panhandle area. These petition signatures along with recommendations are to be sent to our state parks and wildlife organization in an effort to begin a more thorough wildlife management program, specifically in waterfowl area. The outcome or success of this effort is based on the number of signatures, or support, on the petitions. I am anxious to see just how many sportsmen really appreciate our waterfowl benefits here in the Panhandle, enough to support an effort to secure help for them through this petition.

From all indications the geese are beginning to arrive on the scene in a very scattered arrangement. Traveling west on Highway 60 from Canyon, geese may be sighted all the way to Friona. They will become concentrated more and more as the days pass. These Canada geese flocks also contain a fair number of Snow geese, so an extra bonus might be had if one is lucky.

The duck hunting is exceptional now and should continue as the days get colder. Mallards and Baldpates seem to be the most taken on my hunts with a scattering of Pintail, Teal, and Canvasbacks.

TEXAS WATERFOWL and BIG GAME GUIDED HUNTS can be set up on a one or several day basis by contacting me at 655-9259. Hunts for mule deer, Aoudad sheep, pheasant, ducks, and geese are available with a limited number of quail hunts left.

at the Hilton Inn in conjunction with the conference.

Other awards for outstanding service to the conference went to Herschell Zohn of New Mexico State University, Las Cruces, and Richard Slaughter of the University of Texas at Arlington.

Moore said the major thrust of the conference recently has been the establishing of communication ties between outstanding young talent, and theatre companies seeking promising actors and actresses.

During the meet, Moore, together with his wife, Margaret, conducted auditions and conference sessions with about 100 actors, singers, dancers and stage technicians.

He said that about 20 representatives of professional and educational theatre concerns were present at the meet.

A highlight of the conference was the presentation of a new work by New Mexico playwright Mark Medoff, entitled "When Ya Coming Back, Red Rider?"

According to Moore, who described the work as "one of the most compelling to come along in many a day," the play is set in a little Albuquerque cafe suddenly thrown into a reign of terror when a young transient begins to perpetrate sudden and senseless harassment on its customers.

Attending the conference along with the Moores were WTSU students Jennie Lynn Massad, Cheryl Tatham, Katherine Schmidt and Ron Williams.

Buff Freshman Linebacker Wins MVC Player Of Week

Three linebackers locked heads in the week's battle for the Missouri Valley Conference's "defensive player of the week," with the littlest of them all, West Texas State's Larry Spears, winning a close decision over Wichita State's Dave Warren and Tulsa's Byron Franklin.

Spears, just a 5-8 by 180 freshman starting his third game for the Buffaloes, played a very major role in West Texas State's 24-6 upset of Tampa and the shutting out of Fred Solomon, the nation's leading scorer.

For the game, Spears was credited with 19 tackles, including 15 of the unassisted variety, one pass deflection, and three pass breaks with jarring hits.

"Spears is phenomenal for a freshman football player," states Coach Gene Mayfield. "He plays way beyond his years and experience and he takes advantage of his speed. Yes, he was largely responsible for our defensive job on Tampa and Solomon. Often times, we had defensive linemen blocked or out of position and Spears just got there and made the play. He supported so fast from the inside, he turned what looked like a big play into just an average play."

It took that kind of a day to beat Warren and Franklin for the honor. Warren, who has been exceptional all season at linebacker for the Shockers, had another busy day against North Texas State, getting 17 tackles, including eight unassisted, and breaking up one fourth-down pass.

"Dave makes big play after big play for us," says Coach Jim Wright. "I only wish we had 21 others like him."

Frank Emanuel, defensive coordinator for the Shockers, adds: "He is a

coach's linebacker because he makes adjustments and understands completely every phase of the game. Our defense was outstanding against North Texas (the Mean Green were held to less than a yard per rushing try) and Franklin was credited with nine tackles, five unassisted, including two for losses totaling five yards, as he led a Tulsa defense which held New Mexico State to just 195 total yards, the season's low for the league's top offensive team.

Also gaining major consideration for the honor was North Texas State's Walter Chapman, a defensive tackle who had 12 unassisted and five assisted tackles. "He had another phenomenal game," says Coach Hayden Fry. "Most wouldn't have played with the nagging injuries Walter has, but he went out there and played another exceptional game."

Other nominees this week include Louisville's Norman Heard, Drake's Bruce Samples, and Southern Illinois' Dan Brown. Heard returned three punts for 41 yards, including one which set up Louisville's winning touchdown, made nine tackles, including an open-field stop on a kickoff return (after Louisville scored the clinching TD), and then intercepted a pass to

clinch the win. Samples was credited with being in on 16 tackles in Drake's 34-16 win over Northern Arizona. Brown also had a game-sealing interception

to go along with seven tackles, including one for a loss which forced the punt right before the Saluki touchdown, which led to the 14-19 come-from-behind win.

Lila Vars Is Assistant Dean Of WT Admissions

Mrs. Lila Vars is the new assistant dean of admissions and registrar at West Texas State University.

Mrs. Vars, the wife of Don Max Vars, a Canyon banker, received her bachelor's degree in education at Texas Tech University. The former Lubbock and Canyon instructor is replacing Tommy Smith, former admissions assistant, who will become head of admissions on the new campus of the University of Houston in Clear Water.

"This will be the first time I've been out of the public school system," she said. "I'm going to love it here because I like working with students, and I like becoming an actual part of the university."

Mother of two daughters, Mrs. Vars is a member of the Texas Federation of Womens Clubs, Alpha Delta Pi alumni, and the women's division of the Chamber of Commerce.

Bahá'í Faith

Founder of the Bahá'í Faith

Moore Awarded At Meet

William A. Moore of the West Texas State University drama department was cited for 27 years of outstanding service to the Southwestern Theatre Conference at a recent meeting of the organization at the University of New Mexico, Albuquerque.

The award was presented to Moore by Marilyn Myers Pratt, president of Texas Non-Profit Theatre Association and former WTSU student, at a banquet held

Education Official

Due Campus Visit

West Texas State University will host a Superintendents Day Saturday for more than 75 area superintendents and their wives.

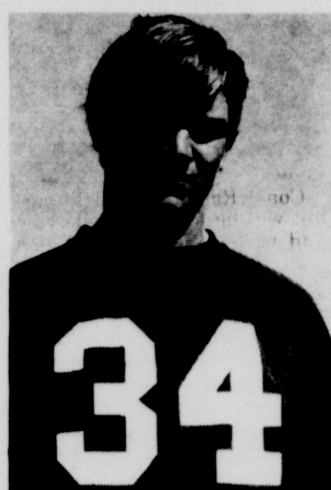

The guest speaker will be Dr. M. L. Brockett, the state commissioner of education, at 10 a.m. in the East Dining Hall. The university guests will attend the WTSU-North Texas State football game following a buffet-luncheon.

"We are very pleased that Dr. M. L. Brockett, the new state commissioner of education, will be on our campus to speak to area superintendents and others interested in education on Saturday," said Dr. Lloyd I. Watkins, WTSU president.

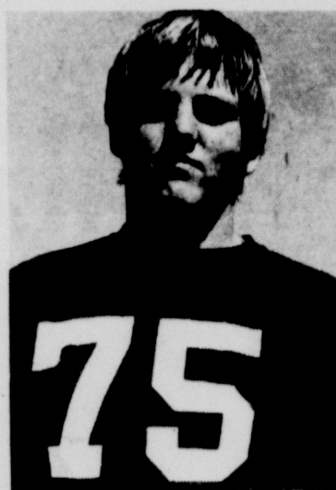

"We are also delighted to take this opportunity to have area superintendents on campus, and we hope that they will enjoy the buffet lunch and football game with North Texas State," he continued. "We are glad to have this opportunity to show our appreciation to them for the excellent job they are doing in providing a high quality of education for the students of the Texas Panhandle."

Happy News Beef Certificates Timely Gift

By MARY NEAL HENRY
BEEF GIFT CERTIFICATES are fast becoming a reality in Texas. Circle 'C' President Patsy Miller called earlier this week with an excellent report. The banks in Coleman and the surrounding area are all selling the Beef Gift Certificates.

Not only that, but a Brownwood bank called and ASKED for them.

Praise the Lord! First State Bank of Happy and both Tulsa banks as well as First National of Lubbock — all have Beef Gift Certificates for sale. Be sure and consider these for Christmas.

MY BROTHER, CECIL Hayes, and I flew to Austin last Wednesday afternoon for a Thursday morning meeting with the Texas Agriculture Products. I represented Texas CowBelles, Dr. Richard McDonald represented Texas Cattle Feeders and Don King represented Texas and Southwestern Cattle Raisers Association. Other organizations represented were Texas Pork Producers Association, Texas Poultry Federation, American Milk Producers, Extension Service of A&M, Texas Farm Bureau, Texas State Grange and Texas Retail Grocers Association. They have a big promotion soon to be available. The Governor of Texas and Commissioner of Agriculture will hold a press conference to kick it off very soon.

It rained all day in Austin last Thursday. We were "rained in" and I missed the last football game of the season. C knew I wasn't very happy and we didn't talk about it. The weather forecast for the next day was also rain. (I thought we might never see the Texas Panhandle again.) But the next day, shortly after noon, we acquired permission to take off under a very low ceiling. We started home. I asked C if that is what you called "hedgehogging." He laughed and nodded his head. I know now that he never relaxed on the way home. I thought up this poem for him:

"Thank heaven it was meant to be
That we live long enough to see
Happy International Airport!"
(Written on the occasion of thick atmospheric conditions).
Thanks, Brother!

FRIDAY EVENING THE Happy Cowboy Band and guests enjoyed a party at the WTSU Activities Center.

THE 4-H DECISION Making Contest in Happy on Saturday afternoon was well attended. Girls judged eight classes: oleo margarine, bedspreads, material for a specific occasion, pant suits, (also for a specific purpose), cooking utensils, pajamas, and breakfast meats. They gave reasons for two classes, pant suits and breakfast meat.

Cathy Parker won the High Reasons plaque and the Outstanding plaque made of wood in 4-H clover design. Cathy is in the senior division.

Laura Fellers won the junior division in both High Reasons and Outstanding. She, too, won two walnut wood plaques designed in a four leaf clover.

Out of County plaques were awarded to Sandra Findley of Deaf Smith County for High Reasons and to Joan Wagner of Deaf Smith County for Outstanding judging.

Other Happy 4-H participants, all receiving a blue ribbon, were Debbie Parker, Nancy Woods, Jeannie Parker, and Pearl Perez.

JEANNE AND RONNIE Johnson had friends in after the football game at Nazareth.

ENJOYING DINNER FRIDAY at a popular out-of-town restaurant were Judy and Mendi Shipman, Melissa Null, Charlotte Weaver, Leslie Weaver, Tim Parker, Lena Belle Cabe, Alice Penn, Joyce Wheat, Gracie and Frank Tiley and Kathryn Noel of Lubbock. Louise and George

White were also there and so was Sara and George Tiley and their Jim and Laura, Ora Mary and Eugene Sims, Mary Ann Sims and Mrs. Sara Gurley.

TRICIA HARGRAVES CELEBRATED her ninth birthday last Thursday afternoon with a party at her home, Angelique Henry, Paula Dustman, Carey Greenfield, Vicki Todd, Melissa Null, Patty Peterson, Kaye Lynn Stubblefield, and Christi McManigal were her guests. The birthday cake was Gaggerty Ann and was served with ice cream and coke. Favors were harmonicas.

Melissa Null celebrated her ninth birthday on Saturday afternoon with a party for friends, Angelique Henry, Mandi Shipman, Tricia Lou Hargrave, Kaye Lynn Stubblefield, Melissa Harvey, Vicki Todd and Tisha Selvidge. Melissa had a strawberry cake for her birthday.

CECIL AND I took Rhonda Fellers, a Happy ex-student now a freshman at Texas University, out for dinner on Wednesday evening. We had ribeye steaks. Delicious.

NOVEMBER 15 AND 16 are the dates to complete that garage sale to help send a Happy girl to Girls' State next summer. The sale sponsored by the American Legion Auxiliary, is being held next door to the Corner Drug. Contact LaVenna Jackson for more information at 558-3841.

JAMES ALLEN OF Santa Anna and a former trophy saddle winner of the Wesley-Sims Memorial Roping won the Cockerell roping at Pampa last Friday.

Tim Prather won the San Angelo Steer roping; Olin Young won second; Kenny Call, third; and Ronny Sewalt, fourth. Roy Cooper won the calf roping. Phil Lyne, former world champion, beat Jim Hob Altizer, another former world champion, in a 12 matched calf roping.

Roy Thompson placed in several go-rounds and would have been right in that steer roping average, but his last steer got up after both trips.

JANET MOUDY, BRIDE-ELECT of John Charles Plaster was given a bridal shower on Saturday afternoon in the Mark Nichols home. Guests were received by Janet, Kathy Moudy, mother of the bride, and Mrs. John N. Plaster, mother of the groom. They were registered by Jill Moudy.

The serving table was covered with a white cloth and centered with big white mums and blue shasta daisies accented by green bells.

Cathy Jo LaRoe and Susan Moudy served hot spiced tea and coffee and cookies and candies from silver service. Blue napkins carried out the bride-elect's chosen colors.

Several Happy and out-of-town guests called during the afternoon. Hostesses for the occasion were Mrs. Ollie Nichols, Mary Etta Bryan, Joline Lee, Dorothy Sims, Frances Hodges, Mary Harper, Della Venhaus, Helene McFarland, Mary Womack, Willie Butler, Pat Hargrave, Mrs. George Blake, Maude Bove, Mallie Sheets, Johnny McCarley, Omega Levitt, Nora McGavett, Bertie LaRoe, Phyla Harman, Modenia Rahlis, Kate McManigal, Lynell Andrews, Hallie Whitlow, Vickie Whitlow, Carolyn Kimbrell, Leola Sexton, Phyllis Luker, Novalene Toles, LaNelle Todd and Susan Moudy.

THE GRAND CROSS Mystic Banquet was held on Saturday evening in the Masonic Lodge of Happy. President Gracie Tiley called the meeting to order. Sheri Henry read the minutes and gave the secretary's report.

Faye Parker, Mother Advisor of Happy Rainbow Assembly, thanked Grand Cross members for their help and especially for the pies at the recent hamburger supper.

Gerry Holland was appointed chairman of the refreshment committee for the next Rainbow Installation. New officers elected were: President, Sheri Henry and Secretary-Treasurer, Pauline Wesley.

Novalee Toles was program chairman for the evening. Others on the program included Willa Jane McManigal, Ruth Sims, Ora Mary Sims, Betty Alford, Susan Rahlfs, Mary Phipper, and Alden Mann. Alice Middleton and Cherie Harvey assisted Novalee with the program and Barbara Andrews played the piano during the evening. The banquet closed with the Mizpah Benediction.

CONGRATULATIONS TO THE Happy Cowboy Band on that excellent rating they received in the recent contest. They tied for first place in Class B competition.

Call a member of the band TODAY and get your band calendar ordered. The more band calendars that are included, the nicer the calendars are to have.

THE HAPPY COMMUNITY 4-H met Monday evening, Nov. 11, at the American pledge. Russell Bowman led the 4-H pledge. The inspiration was given by LaRae Sims.

Happy 4-H will be raffling off a turkey for Thanksgiving. Tickets are 50 cents each. Beverly Wilhelm, Marta Kay Donnell, and Christi McCashlin are appointed as the committee to take care of the turkey raffle. Reports were given of the Halloween carnival and ribbons were passed out to poster contest winners.

The club voted to back the Happy Cowboy Band by putting their meeting dates on the band calendars.

Anyone absent from Monday night's meeting that wish to take foods should contact Faye Parker immediately. Leaders are also needed.

Refreshments were served by Neal Odum, Kyle Odum, Kevin Odum, Todd Bryan, Dennis Bryan, and Clay Simons.

THE YOUNG FARMERS of Happy have organized with Lyndell Nelson, the new agriculture teacher of Happy, as their sponsor. Meeting nights are the second and fourth Tuesdays at 8 p.m. in the high school agriculture department.

Officers elected at the recent meeting were President, Don Kimbrell; Vice President, Jerry Cogburn; Secretary, Kip Morgan; Treasurer, Mark Moudy; and Reporter, Danny White.

Dan Rahlfs presented the program last Tuesday evening. Dan, now associated with Merrill Lynch in Amarillo, spoke on Livestock and Commodity Futures.

Debbie Spencer, 5'6" freshman from Amarillo Tascosa, bumps the ball over the net during action Tuesday night. The West Texas State University Women's Volleyball team defeated Eastern New Mexico University Tuesday night in their final match of the season 15-4, 15-1. Dr. Suzanne Blair, coach of the team, compiled a 22-13-5 overall record and will have every team member back on next year's squad.

Violinist To Perform For Upcoming Program

Canyon Community Concerts Association will have a concert featuring the violinist, Stephanie Chase, who has appeared on concert stage since barely becoming nine years of age.

The concert here will be presented Tuesday, Nov. 26, at 8 p.m. in the Canyon High School auditorium. Members of the CCA will be admitted with their membership cards.

As a violinist, Miss Chase won a first place award in the Chicago Symphony Youth Competition and performed four times with that orchestra. At seven she was a three-time winner on the Ted Mack Amateur Hour and at the age of eight was featured on a Peabody Award winning segment of television's "Artists Showcase" entitled "Child Prodigy."

In 1969 she appeared with the CBS Symphony and during the spring of 1971 was a guest twice on the "David Frost Show." In 1971, she was also the subject of a documentary film made by Screen Gems.

Since 1966, Miss Chase has been studying violin with Sally Thomas of the Juilliard School faculty.

During the 1972-73 concert season, Miss Chase performed over 40 concerts across the nation both in private recital and with orchestra. She appeared with the American Symphony Orchestra at the Garden State Arts Center Festival with Arthur Fiedler conducting and with the Pittsburgh Symphony led by Maestro Max Rudolf at the Temple University Festival in Ambler, Pa.

She has also appeared as guest artist on programs with the Denver Symphony and the Fort Lauderdale Symphony Orchestras.

WT Language Lab Helping, Students Say

The new Language Laboratory opened this fall by the English Department of West Texas State University is proving useful in bettering language skills, according to a poll taken among lab users in October.

The Language Lab's services are available to any student enrolled in freshman English, upon referral by an English faculty member. The lab is staffed from 10 a.m. to 4 p.m. Monday, Wednesday and Friday and 9:30 a.m. to 4 p.m. Tuesday and Thursday by Mrs. Wanda Fullingim and Mrs. Mary Haraden.

A variety of materials and approaches are utilized by the staff in meeting students' needs. They include 40 pen-and-paper drills on specific points of grammar, four sets of recordings based on the audio-lingual approach to self-improvement, and 30 film strips, several with accompanying cassette tapes, covering study areas which are adaptable to visual presentation.

Since the Language Lab is organized to help students help themselves, the materials provided are designed to be self-teaching. However, individual assistance from the lab instructor is available when needed.

Clark To Head Kids, Inc., Here

Terry Clark of Canyon was named Tuesday night to head the Canyon Kids, Inc., program, replacing Max Brummett, who retired after two years as president.

Clark's wife was named secretary of the organization.

During the meeting, more than 40 children signed up to play basketball through Kids, Inc., this year. Practice sessions begin in December and play begins in January. Early sign-ups are urged for the program.

Mead Painting On Display Now

The Panhandle-Plains Historical Museum is exhibiting Ben Carlton Mead's painting "Battle of the Palo Duro" in the alcove of the north gallery through November.

The painting, loaned through the courtesy of the First National Bank of Amarillo, commemorates the 100-year anniversary of the battle which ended centuries of Comanche control of the Plains area in northwest Texas.

The scene depicts how the battle site had appeared during the week preceding the battle. Several Indian warriors are climbing out of the junction of Cita Blanca Canyon and the Prairie Dog Town Fork of the Red River where their many tipis sit peacefully.

Educated at the Art Institute of Chicago, Mead found his way to Amarillo, where he graduated from the Amarillo Daily News and did theatrical work and stage scenery.

He has illustrated several books on Southwestern lore, including "The Law West of the Pecos," "Coronado's Children" and "On the Open Range."

Palisades Palaver Church Has Seams Bulging

By MILDRED TURNER
THE PALISADES BAPTIST Church has three new Sunday School departments: The Men's Adult Class, the Ladies' Adult Class (which formerly were together).

Brand new is the Young Adult Class includes seniors in high school, college age and the young married couples. This class is taught by the pastor, Reverend Smith.

THIS LITTLE CHURCH is bulging at the seams. Land has been purchased to build and the building fund is coming along nicely. It would be a wonderful thing if all who could would add a little extra to the building fund at Christmas time. Several from surrounding cities have sent in checks to go in this fund after hearing of this. These love offerings are deeply appreciated. May God bless you for giving.

People from various faiths have found a fellowship and lovely worship in this little community church.

THE PALISADES LADIES met up at the ceramics shop with their sack lunches last Thursday for a session of fellowship, work, and pleasure.

Among those were Reba Guest, Lena Edwards, Frances Tucker, Edith Stevens, Judy Webb, Joyce McDonald, Estelle Atkinson, Lola Jackson, Carolyn Bailey, Marcella Carlie.

Those near me were the last five mentioned and there was never a dull moment. It was a time for fun besides many gifts for weddings, Christmas are getting finished. Let's do it again soon.

I MISSED KIM Tate's wedding shower last Sunday (it was the girls Sunday to sing at the rest home) but was a beautiful affair attended by many friends and relatives, given by Karen Bailey (on McCormick Road).

I've been invited to come over and see all the lovely gifts which literally fill Kim's room.

Dorothy is very busy getting ready for her daughter's big event on Nov. 15.

SOME OF THE parties enjoyed by the Palisades young people recently were an Old Fashioned Taffy Pull given by Susan Inman.

Susan's weiner roast was rained out so Susan had to broil the weiners in the house. A dance followed. It takes a lot more than rain to dampen the spirits of the jet set!

Linda Griffin had a Pizza Party with games including the old standby, Spin the Bottle. I heard the boys were not too cooperative on that game. About two weeks later Linda gave a dance.

Bill Dushman gave a dance in the basement. Reports say Roma and her hubby helped the kids with some of the modern dances (wow, the kind where you come loose at all joints!) Refreshments of chips, dips, cookies, cokes and all the goodies these kids like, were served.

I MENTIONED THE Halloween party at the church (where Pearl Vaughn was the cheerleader) last time but found out winners of the best costumes were: Kathy Strecker and Greg Moore. This was a very spooky but gala affair.

WOULD LIKE to hear from Susan and Jeanne McDonald, Jim Black, Sherry Seitz and any others who have had parties.

TALKED TO DORA Hemly to see how she came out on her finals in the horse races and she won the district belt buckle for the senior ladies.

At the super nationals in Quannah old Brown blew it but the Palomino did well, winning the fastest time of all horses, in every division, in the Bent Pole Race, scoring 21.1. This is bending six poles backward and forward. The horses are timed by an electric eye to prevent ties.

Dora and her partner came in second in the Ribbon Race by 1/400 of a second. Their horses run well together!

THE HEMBY'S TOOK their trailer recently and went up into the Black Hills of South Dakota.

One night they were suddenly awakened by a big commotion, then heard claws scraping the sides of the trailer, almost frightening, huh?

During their explorations they petted some donkeys who live there in the national park. They saw a herd of around 150 buffalo which they respectfully admired from the distance.

I think everyone appreciates the famous carving of the four presidents in the rock on the side of the mountain, and the most beautiful lake (where the presidents, through the years often go to fish).

Dora said the aspen in the area were just lovely when they were there.

I WANT TO apologize to the Ladahoff's for the spelling of their daughter's name.

ORVILLE, WE ARE glad you are getting to haul some grain now, after being detained for twenty one days.

THESE LOVELY AUTUMN days when I would love to be outside working in the yard, or going walking with you, I'm inside doing some painting, refinishing an old dresser (but it's kinda fun.)

What are you doing, huh? Call me this week.

"Serves The Better" 9:30-5:30 & 11:00 STORES "Serves The More"

Secretarial Seminar In Hereford Saturday

"The First Day of Your Life" will be the theme for an all-day seminar of the National Secretaries Association International to be held at Hereford Civic Center Saturday, Nov. 16.

Tierra Blanca chapter of the NSA, International, which includes members from both Canyon and Hereford, will host the day's events beginning at 8:30 a.m. with registration. All secretarial personnel in management and supervisory positions as well as clerical personnel are invited. Registration fee of \$7.00 and \$3.50 for students will be taken at the registration table that morning.

The day's seminar program will include:

— Bob Hill of Lentz-Newton and Company in Amarillo speaking on "Investments In The Present Economy."

— A panel discussion entitled "Will You Loan Me A Dollar?" to be moderated by Avis Blakey of Property Enterprises in Hereford. The panel will include Abie Crume (Retail Credit Bureau manager), Pauline Howard (assistant manager of the Federal Credit Union in Hereford) and Jeff Carlisle (vice president of the Hereford State Bank).

— Thomas Burdett, an attorney in Hereford, will discuss "The Legal Status of Women in Texas 1974."

A buffet luncheon will be

served at noon with entertainment being provided and door prizes to be awarded.

The seminar participants will be given a guided tour of the Arrowhead Mills with Boyd Foster as tour director during the concluding activities for the afternoon.

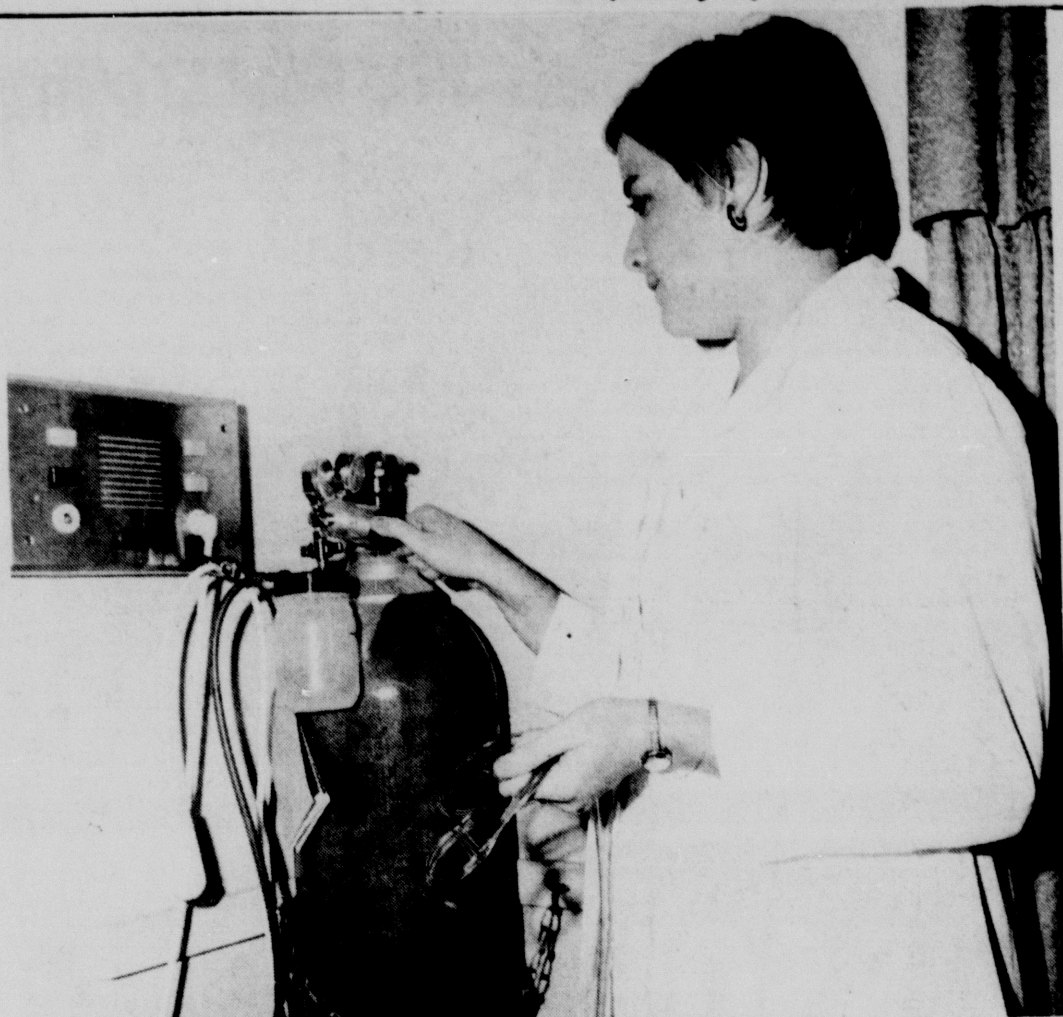

Bride-Elect Is Honoree For Shower

Miss Julie Brantley, bride-elect of Bobby Van Gregg, was the honoree at a miscellaneous bridal shower Saturday, Nov. 9, at the home of Mrs. H.R. Fulton, 1007 14th Street.

Receiving guests with the honoree and hostess were Mrs. Royal Brantley, mother of the bride-elect, and Mrs. John M. Dodson of Amarillo, mother of the prospective bridegroom. The prospective bridegroom's sister, Carrie, presided at the guest register.

Floral decorations featuring cranberry and pale pink centered the refreshment table.

Co-hostesses were Mesdames Ada Crager, Larry Cook, T.G. Hull Jr., Charles R. Nester, Donald Olson, Borden Price, Edith Priddy, Raymond Railroad, W.P. Van Pelt, William R. Wilson, Charles E. Wright, and James M. White.

MARILYN SCHUETTE checks the oxygen tank valves as an assistant nurse at Nebbett Memorial Hospital.

Girl Scouting's 'Badgework' Begins Woman's Career Hopes

By LORENA MILLER

What started out as a Girl Scout badge for "community service" has resulted in a "community service career" for two young women in the Canyon area.

Marilyn Schuette, a nursing assistant at Nebbett Memorial Hospital, and her friend, Roseann Olson (now Mrs. Charles Hamm) and a nursing student at Northwest Texas Hospital in Amarillo, got their first taste of hospital life during the eighth grade.

"Our troop," said Marilyn "got into this Candy Stripping at the hospital as a badge requirement — and I fell in love with nursing then."

"It was interesting and new for us to be helping people as Candy Strippers," related Miss Schuette. "We were with the doctors for examinations in the clinic, and did our part wrapping instruments and it was something that I really enjoyed."

"Roseann and I kept on working as Candy Strippers at the hospital for two years after we got the badges," stated Miss Schuette. "And then Dr. Charles

Nester called us both and asked if we might like to work in the clinic."

"We accepted and Roseann was assigned to the clinic portion while I went into the nurse's department. We both worked at the clinic for two years there while we were in high school," she related.

"Then Roseann went into nurse's training at Northwest Texas Hospital and I went into the nursing program offered here at West Texas State," she continued.

"In the nursing program I've been studying microbiology and chemistry — but my training as a nursing assistant has come while on the job here at the hospital."

"I love nursing and plan to continue my training in the nursing field although recently I have been helping with my second

Sorority Chapter Conducts Meeting

"Personality and Relationships" was the topic of the program presented by Vicky Simmons at a meeting of Alpha Theta Delta chapter of Beta Sigma Phi sorority on November 11.

The meeting was held at the home of Donna Pittman and the group made plans for a Thanksgiving basket and discussed the Christmas party as Mary Alice Hines, president, presided.

A report from the social committee on the "Fabulous Fifties Costume Party" held recently included the following recognitions for members and their guests at that social: hoola hoop contest winners were Terry Pittman and Carol Clark, Steve and Mary Alice Hines were recognized for the best decorated socks and Donna and Terry Pittman won the dancing contest. The social was held at the Canyon Community Center.

Members present at the November 11 business meeting were: Donna Pittman, Cindy Stevenson, Martha Bethel, Carol Clark, Linda Daniels, Cindy Gales, Phyllis Gruner, Mary Alice Hines, Judy Hill, Virginia Grimes, Elaine Koch, Sue Lewis, Vicky Simmons and Cindy Stevenson.

Palo Duro MILS Have Luncheon

Annual Thanksgiving luncheon for the Palo Duro Mother-in-law Club was held Saturday, Nov. 9, at the home of Jewell Crawford where table decorations featured fall mums in orange, yellow and bronze.

A short business meeting followed the luncheon as members answered roll call with "what I am most thankful for" and plans were discussed for a welfare project. The group decided to bring canned goods for Girlstown to their Christmas party on December 13 at the parlor of the United Methodist Church.

Florence Carruth was co-hostess for the luncheon. Other members present were Mesdames H.E. Campfield, Gladys Haines, J.P. Hammons, Mamie Hilgenfeld, Mae Johnson, Clark McClendon, Fred Marshall, Frances Northcutt, and Nell Sheets.

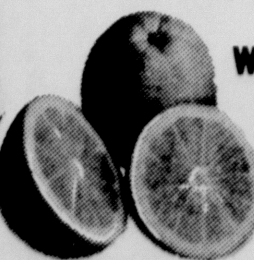

Wives, Etc. members, WTSU faculty and other guests will be at the Amarillo Club for the evening's buffet, dinner and dancing. Tickets are to be reserved by Friday, Nov. 15, with local members Mrs. Tom Cannon, 655-7563, or Mrs. John Childs, 655-9157.

Umbarger News

Thanks To Helpers

By REBA RAEF

WELL, WE'VE GOT another German Sausage Festival behind us and we are a most grateful little community, for the beautiful weather that we enjoyed Sunday and for our many friends, who came to enjoy the day with us. We served 3816 people, and this did not include those under six, who did not need a ticket to eat.

The chairman, John Beckman and the co-chairman Jim Skarke would like to say a hearty "THANKS," to all who helped in any way, to make our day the success it was. They would especially like to thank the young people of our community, who came out in such large numbers on Thursday to help make sausage, and again on Sunday to help in the dining room. They would like to thank those who donated the items for the various booths.

We, personally, think a special thanks should go to the wives of those two chairmen, Carolyn Beckman and Shirley Skarke, for their help to their husbands during this busy time.

The winners in the raffle were 1st, \$200 to David Buckner from Happy; 2nd, 1/4 processed beef to John Eukland, from Amarillo; 3rd, 1/4 processed beef to Mrs. H. C. Brown from Amarillo; 4th, an electric Reddy yard light to Vincent Friemel from Umbarger; 5th, 2 tires to Mike Kuhlman from Canyon; 6th, 25 lbs. German Sausage to W. P. Janssen from Umbarger; 7th, 1 tire to Jim Skarke from Umbarger; 8th, Dinner for four at the Big Texan to Jack Brandt from Umbarger; 9th, 10 lbs. German Sausage to Pat Hamby from Amarillo and 10th, an electric blanket to Jim Todd from Dalhart.

Much good home baked goods were for sale in the Country Store and it all was gone in about 3 hours. The bazaar had many pretty and useful items, and it too, was gone pretty quick.

In the bazaar raffle, the afghan was won by Carl McKinney of Amarillo, the Mr. and Mrs. Santa Claus was won by Marianne Wiecek from Umbarger and the two stuffed Hippo's were won by Ruth Cretzinger from Wildorado.

We were a tired little community, after we had cleaned the halls and the grounds on Monday, but we're already looking forward to next year and another festival.

UMBARGER HAD MANY of their own young marrieds back for the festival. We saw the Pat Mulloy's, the Jim Wiecek's, the Tom Gerbers, Sharon Gerber, Linda Gerber, Marilyn Gerber, the Sam Haschkes, the Joe

Arthos, the Greg Storks, the Don Raefs, the Mike Browders, the Les Goodins, the Billy Gerbers and I'm sure there were many more here that I did not see. We also saw former neighbors of ours when we lived in St. Francis, the Lloyd Goodins, the Robert Dettens and the John Levens. All in all, it was a very enjoyable day.

MR. AND MRS. Keith Milhoan and children Melissa and Jimmy visited the John Beckmans over the weekend. Keith is Carolyn's brother and they live at Willard, N.M. Carolyn said that Keith had gone elk hunting and brought them some of the elk meat, which they are enjoying very much.

VISITORS IN THE Loyd Sutton home last week were his sisters, Mrs. Winnie Morton, from Ft. Worth and Mrs. Pearl Arms, from Vernon. Loyd said they had done a lot of domino playing, visiting and enjoyed the good food that Loyd and Louise had put in their freezer from their garden this past summer. They left on Tuesday for their homes.

PAULINE FARMER, FROM Whiterock, N.M. and Betty Hughes, from Phoenix arrived Sunday to visit their father, Henry Bracht, who has been moved from Nebbett Hospital in Canyon to St. Anthony's Hospital, in Amarillo. Pauline left Tuesday for her home, but Betty will be here for a week. We'll be glad when Henry is well enough to come home.

ALL YOU PISTOLS and Peticoats Square Dancers remember the special business meeting to be held at 6:30 next Sunday, Nov. 17. The regular dance will be held at 7:30 p.m.

WE CALLED OUR Andy last

Monday night, to wish him a "Happy Birthday" and he told us that plans are in the making for him and Edith and daughters, Nancy and Stefanie, to go to Germany to visit Edith's family for Christmas. Don't you know that will be a happy Christmas for that family? We are so happy that they are going.

WE WILL HAVE two more Spanish lessons, tonight and next Thursday. We sure hope we can remember all we've been taught.

WE HAD A near catastrophe last Thursday. We had 14 loaves of bread ready to bake and somehow, the gas main was cut and we were without gas. Well, thanks to Dianne Brock, the Ramacker girls and Pat Cummings, the bread all got baked at just the right time. It's nice to have good neighbors, and we really appreciate their helping us out.

GIVE ME A call, if you have news for me.

Reba

Baby Shower For Criswells

A baby shower honoring Mrs. Mike Criswell on the expected birth of the Criswells' first child was held Monday, Nov. 11, at the home of Veronica Collier, 2608 11th Avenue.

A rainbow of pale baby colors was used for decorating the refreshment table where co-hostesses, Mary Didio, Karen Smith, Jamie Assiter and Dana Rowan, alternated serving.

Several out-of-town guests attended the baby shower for Mrs. Criswell, whose husband is the meat market manager for Cooper's Thriftway.

'Festive Foods' Show Is Tuesday For Homemakers

An annual presentation of "Festive Foods" for the homemakers of Randall County will be presented on Tuesday, Nov. 19, in two programs featuring Marilyn O'Dowd, home service advisor of Southwestern Public Service Company, as guest demonstrator.

The programs are being sponsored by the Randall County

Food To Feed The World Discussed At AAUW Meet

The prospects of food to feed all the nations of the world in the next few years were discussed by Bob Sawvell at a meeting Saturday morning of the Canyon chapter of the American Association of University Women.

Mrs. Jesse Moses, AAUW chapter president, was in charge of a brief business meeting as about 35 members were present to hear reports on a drama and current books group and to discuss a current stationery sale.

Mrs. Charles Harter, 1404 Creekmore Drive, was hostess for the Saturday meeting at her home. Co-hostesses were Maria Tarrab, Joan Carlson, Jane Munsell and Georgia Blackwell.

Next meeting of the AAUW chapter will be a covered dish luncheon Dec. 7 beginning at 12:30 at the Episcopal University Center.

Needlepoint Is Topic

University Study Club members will convene at the First Presbyterian Church Friday afternoon, Nov. 15, at 1:15 p.m. for a regular business meeting and program on "needlepoint" to be given by Linda Poff.

Holiday Decorations Topic

"Festive Wreaths - Pine Cones - And Other Christmas Decorations" will be the program subject for the Canyon Garden Club members at their meeting Thursday evening, Nov. 14, at 7:30 p.m. in the home of Mary B. Weeks, 1307 4th Avenue.

Co-hostesses for the meeting are Mary Parker and Ann Weaver.

Mary Elizabeth Davidson
Alumnae Meeting
Topic Is 'Woman'

"The Twentieth Century of Woman" will be the program topic for Mary Elizabeth Davidson at the meeting tonight, Nov. 14, of the Canyon Alumnae Association of Alpha Delta Pi sorority.

Miss Davidson will address the group at 7:30 p.m. at the Episcopal Center. An ADPi alum herself, Miss Davidson is a native of Alabama and attended the University of Alabama to earn the bachelor and master's degrees. She is presently gaining the doctorate degree from the University of Pennsylvania, lacking only the dissertation paper.

In 1957, Miss Davidson came to Canyon as an instructor in history at West Texas State University and is currently an assistant professor. In addition to her profession Miss Davidson has hobbies including reading, photography, and gardening.

By TROYCE MULHERIN
Sure-Was-A-Long-Weekend
Greetings:
SURE WAS. THE kids went to the Saturday afternoon matinee at the movies. Only problem was that the day on which they went just happened to be Friday. Couldn't understand why the Sunday paper wasn't out there early one morning. Called the newspaper. Shortly following the call, came the dawn — the day was a Saturday. Called the paper back to apologize. Yes — it was a long weekend. Can't take very many of those Saturday-Saturday-Sunday week ends.

go to Lewis Thompson and Karen Hill. These fine young people just happened to be at Gene Howe last Tuesday working with our band students. Am not thanking them for that. Am thanking them for giving an "election day worker" (let's put double quotes around the word, "worker") a break by taking the Gene Howe News to the paper in Canyon. We wouldn't have been in this slot last week, if these agreeable types hadn't come to the rescue. Thanks!
Special thank you's to Betty Cox, too! Betty thoughtfully brought the election day people a thermos of coffee and lots of yummy donuts. Our 7:00 to 7:00 day was made a lot more enjoyable thanks to Betty's munchin' materials!

paid PTA dues should have their very own Gene Howe school directory! Each family with at least one PTA member was given a copy of the directory free. Do believe that there are plenty of extras at the school. So, if anyone feels the need for an additional directory, send a quarter with the youngster.
Speaking of the directories — believe it or not — the same was compiled by human-types. Therefore, it is entirely possible that a human-type error was made therein. So, if corrections, additions, etc. are called for, please call your Gene Howe reporter. Such corrections, additions, etc.'s will be included in this space.
Sincere thank you's need to be expressed to Guy Mulherin. Am not prejudicial here. It's simply that he printed such directories for the PTA at no cost. The print-

ing may not be top-notch — but it was free. It was much appreciated, too. Thanks should go to me, too. Why, you ask? For putting up with Guy while he was in the process of printing the directories, that's why. (Just jesting, really!).

IF GRADES COULD have been given, the ladies in the Thursday night decoupage class would have all made "A's." Our last session was held last week. Dee Delaney, Denise Bailey, Virbie Fowler, Bonnie Hinger, Donna Umberson, Oma Zachary, Georgia Sorrells, Sarah Haseloff and Tootie Bybee worked faithfully and creatively! Joyce Thompson attended the class, but she didn't work. (She's my sister — I can talk about her like that). Virbie brought some home-cooked goodies for us to munch

on while finishing up our long list of projects.
Being associated with these ladies has been a truly rewarding experience for me. Pure pleasure. I congratulate them for their patience and endurance. Some lucky people will be getting some really nice presents from these talented creators!

MET A PERSONABLE gentleman by the name of Tom McClure at the Starving Artist Show. Seems that Tom is the owner of "The Lemon Drop" in Canyon. Also seems that he is in need of someone to manage this spiffy little store. Anyone interested may call Mr. McClure at 499-2205 or at 355-6551.

LOY AND TOM Gerald's baby is scheduled for arrival in this wonderful world around Thanksgiving. Last Thursday evening Alicia Niemeier, Gaylia Cochran, Ellen Wilson, Pat Stevens and Brenda Lawless hosted a baby shower at Alicia's home.

The ladies utilized Raggedy Ann and Andy for a decorating scheme, which included the lovable twosome in the centerpiece. A cake made in the shape of Raggedy Ann was served to the 25 in attendance.

THE NOVEMBER 21ST meeting of the North Plains Association for children with learning disabilities will be held at 7:30 p.m. in Snodgrass Hall at the First Christian Church. Claud Zevely, West Texas State University Assistant Professor of Education will present a talk titled, "LD is... But It's More Than..."

There will be no NPACLD meeting in December. But, there will be a Parent Rap Session on Tuesday, November 26th at 10 a.m. at 4406 Tawney Street. This association puts out a great newsletter, one of which Trissa Shott gave me last week. It reflects that the association now has 64 members, from Amarillo, Canyon, Wellington, Hereford, Borger, Friona and Keys, Okla! Further — the NPACLD needs a filing cabinet.

Parents, with or without children with learning disabilities, who would like to learn more about this association and its activities, should feel free to call Trissa at 622-1579, or Bill and Gene Ann Grant at 355-5100. Your questions and interest will be appreciated.

GIRLS BASKETBALL IS here! Our sixth graders are being co-coached by O'Neal Call and Frank Henwood. Team members include Cathy Call, Kaki Mulherin, Jo Delaney, DeAnna Henwood, Lamela Fry, Cindy Yarbrough, Cindy Nuzum, Amy Kennon, Lenise Bybee, Tracy Gillis, Rhonda Higgins, Tracy Ingram and Teresa Stone.

The team won over Hamlet last Friday night with a final score of 23-7. Another win Saturday afternoon was over Wesley Community Center with a score of 18-7.

Loydell and Delbert Tension are co-coaching our fifth grade girls. Team members include Kim Howard, Sharon Mester, Jan Phipps, Kristi White, Teresa Polvadore, Tonya Brown, Angie Copeland, Judy Nuzum, Melinda Yarbrough and Denise Tension. These girls have racked up a win over Ridgecrest with a final score of 23-14.

Twana and Arland Arnett are co-coaching our fourth grade girls. Team members include Michelle Arnett, Catana Black, Denise Cox, Sharon Henwood, Stacy Howard, Gemma Johnson, Denise Morgan, Kathy Schamann, Tonya Thompson, Mammie Wilcox and Leslie Martindale. These young ladies won over Panhandle during a game at Horace Mann in Amarillo. Final score was 15-1.

HAVE SIMPLY GOT to do something about the clocks in this house. We are still trying to get with the time change. One clock in one bedroom gave up one day at four o'clock. Its little hands determinedly point to four all day every day.

The other clock in said room is an hour behind. Or ahead. Because of numerous falls onto the floor, it refuses to let anyone turn its little "set" lever.

The clock in the living room dings and dongs whenever the mood strikes. One clock in the kitchen, being digital, is sorta dependable and very readable.

Barling daughter "adjusted" her radio alarm clock to be in step with the new time. It gleefully comes on at various times and at various sound levels — usually "loud." But, never when it is supposed to.

Thank goodness for hand-some-son. He not only knows how to properly set his clock radio, he also gets up when it goes off. Mart keeps us in shape in the morning times.

The rest of the day, we just pick and choose (depending on the clock and on the room) and hope for the best. When all guesses fail, someone breaks down and calls the "time" number.

Speaking of calling a number, call 352-6053.

Thanks for the use of the hall, Troyce

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.
